

## PRACTICUM JOURNAL

**PRACTICUM WEEK : 1**

**DATE:** 1<sup>ST</sup> FEBRUARY 2015 – 5<sup>TH</sup> FEBRUARY 2015

**TITLE:** FIRST WEEK IN SCHOOL, TIME MANAGEMENT and THE TEACHING OF  
*'DUNIA SAINS dan TEKNOLOGI'*

### **1. PROBLEM**

Alhamdulillah, my first week of practicum in SK \_\_\_\_\_ had been quite a different experience compared to my previous schools. The environment in urban school such as in my new school, SK \_\_\_\_\_ was completely different from my previous experience in rural schools. The school headmaster and staffs however had been very helpful and welcoming during our first day and throughout the whole week. We had been introduced properly to the pupils during our first morning assembly and it had helped me and my friend a lot in interacting with the school community afterwards.

As for the lesson I conducted in my classroom, I was still unable to properly conduct my lesson within the time limit as allocated in the lesson plan. Given that I was still not used to the level of the pupils in my classroom, I tend to sometimes underestimate or overestimate the ability of my pupils which affect the kind of activity I gave them in the classroom. More often than not, each activity exceeds the time limit that I have set especially during practice stage. Aside from that, I also encountered problem in trying to figure out the proper way to teach science concept and scientific skills to my pupils. Since this was also my first time in teaching my pupils the *'Dunia Sains dan Teknologi'* subject, I was overwhelmed by the differences in the teaching of DST and English especially in terms of approach and lesson planning. It was completely different and given my lack of knowledge and experience in the subject, I was worried that I might even mislead my pupils during the lesson.
