Epideictic Rhetoric Laurent Pernot, 2015-06-01 Speeches of praise and blame constituted a form of oratory put to brilliant and creative use in the classical Greek period fifth to fourth century BC and the Roman imperial period first to fourth century AD and they have influenced public speakers through all the succeeding ages Yet unlike the other classical genres of rhetoric epideictic rhetoric remains something of a mystery It was the least important genre at the start of Greek oratory but its role grew exponentially in subsequent periods even though epideictic orations were not meant to elicit any action on the part of the listener as judicial and deliberative speeches attempted to do So why did the ancients value the oratory of praise so highly In *Epideictic Rhetoric* Laurent Pernot offers an authoritative overview of the genre that surveys its history in ancient Greece and Rome its technical aspects and its social function He begins by defining epideictic rhetoric and tracing its evolution from its first realizations in classical Greece to its eloquent triumph in the Greco Roman world No longer were speeches limited to tribunals assemblies and courts they now involved ceremonies as well which changed the political and social implications of public speaking Pernot analyzes the techniques of praise both as stipulated by theoreticians and as practiced by orators He describes how epideictic rhetoric functioned to give shape to the representations and common beliefs of a group render explicit and justify accepted values and offer lessons on new values Finally Pernot incorporates current research about rhetoric into the analysis of praise

may end up being the biggest victim of today's unpredictable market that few even hear about. Bridging the gap between theory and practical methods, *The Nonprofit Fundraising Solution* shows you how to ensure that executive leadership and board dynamics fully support fundraising initiatives. Build a broad constituency of donors aligned to the mission. Determine the right level of funding diversification. Use tactics such as challenge drives, stretch gifts, and corporate matching. Parlor gatherings, leadership councils, year-end drives, corporate partnerships, and major campaigns to power revenue increase, access to wealthy donors, and raise their community profile. Proactively encourage planned giving. Avoid revenue plateaus. Complete with stories of those who have done this exceptionally well, as well as casebooks of the strategies in action, *The Nonprofit Fundraising Solution* reveals how any nonprofit can implement advanced fundraising methods and secure the funds they need to excel.
