The Complete Idiot's Guide to Past Life Regression Michael R. Hathaway, D. C. H. Hathaway, 2003 Judging by the more than 2 million web pages dealing with past lives and past life regression PLR people aren't only seeing dead people they're interested in finding out whether or not they were some of those dead people in a previous life Going way beyond a belief in reincarnation and karma regressionists want to know who they were and what their lives were like and reputable psychiatrists are using hypnosis to reveal the past life issues that are keeping their patients from living better lives today In *CIG to Past Life Regression* a board certified past life regression therapist reveals the ins and outs of PLR Is past life regression for real Are children really closer to their past lives than adults Can I be hypnotized and can I trust the hypnotist and what he/she tells me What will a session be like Is one session enough And what about self hypnosis How can knowledge of past lives make my life better today [COMPLETE HYPNOTHERAPY COURSE](#) Marcel Souza, The book starts by introducing the fundamental concepts of hypnosis providing a historical perspective on its evolution from ancient times to the

contemporary practice of hypnotherapy It then delves into the science behind hypnosis exploring how it works on the mind and body and demystifying common myths and misconceptions Each chapter methodically covers various aspects of hypnotherapy including techniques for inducing hypnosis strategies for tackling common psychological issues like anxiety stress phobias and addiction and methods for enhancing personal development and well being The book emphasizes the ethical considerations in hypnotherapy ensuring that practitioners maintain the highest standards of professionalism and client care Complete Hypnotherapy Course is notable for its practical approach offering readers step by step guidance on conducting hypnotherapy sessions with detailed case studies and examples that bring theoretical concepts to life The book also includes exercises and practice scenarios to help readers apply what they ve learned and develop their skills as effective hypnotherapists Overall this book is an invaluable resource for anyone looking to understand the full scope of hypnotherapy from basic techniques to advanced therapeutic interventions providing both a solid foundation for beginners and a reference for seasoned professionals
