

Smoking Essay

Smoking should be stopped. It should be stopped because of life threatening lung cancer, the horrific smell and of course the advertising should be illegal . These problems would be gone if nobody smoked.

Lung cancer is a horrible side effect of smoking, it is deadly. The smoke that the smoking victims breath into their lungs condensates to a black tar that suffocates their lungs allowing them to breath in less and less each breath, this makes them a larger target for lung cancer. In fact 70% of people with lung cancer have smoked. Do you really want painful lung cancer ? This is one important reason of why you should not smoke.

The smell of smoke from a cigarette is unbearable for a nonsmoker. The smell is so incredibly bad because its burning tobacco, it smells completely different to normal burning wood because it is a dried leave off the tobacco tree. There are people that smoke and they are not nice to be around because of the smell. Do you want to smell that bad ? This another point of why you should not smoke.

Advertisement of smoking has to be illegal. It has to be illegal because it is a main reasons of why people take up smoking. A form of advertising can just be a friend saying "here take one" or "here have one, be a man" , also billboard advertisement , it gets inside your head, all advertisements do. You don't have to be that person who starts smoking today! This is the last point on why you should not smoke or even start.

Smoking is really bad for you. Firstly if you smoke you have a much larger chance to get lung cancer and die, Secondly the revolting smell that comes from smoking and how bad it is. Thirdly the advertising needs to stop because if we cant get smokers to stop smoking we must not let others start. Make a change, if you see someone with a cigarette tell them to put it down and god forbid you pick one up. You don't want to be that type.

Visual Writing Alex Baratta,2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area However it is often the case that students perceive instruction in academic writing if it is offered at all as boring This book addresses these two issues First the book can be used by students themselves even in the absence of academic writing classes as a self help guide from which they can develop their knowledge of academic writing and subsequent proficiency Second by discussing the components of academic writing in terms such as film which are familiar to today s generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message iconography computer games and the Internet The visual instruction provided in turn helps to facilitate mental visuals in students minds from which their knowledge of essay writing can start to develop

puts a powerful tool in the hands of serious students who are determined to achieve a high IELTS band score. Its aim is to help the candidate improve their band score by providing high quality examples, explanations and analysis of IELTS Academic Task 1 and Task 2 writing. Achieving a high IELTS band is not easy. Ignore books that tell you otherwise. It is a difficult job which requires both patience and determination. IELTS Writing tasks in particular demand hard work with plenty of practice. There is a vast quantity of freely available IELTS study material around but what IELTS candidates need are clear task responses that they can model their writing on, explanations about how to attempt questions and detailed analysis about ideas and language. Books on writing techniques and tips will get you so far but one of the most powerful ways of making sure your writing matches up to the high standards of IELTS is to study very good responses to Writing Task 1 Describing Data and Task 2 Writing an Essay. By studying models you can see how descriptions and arguments are developed, how key points are stressed and how appropriate language clothes ideas. Eight IELTS Task 1 models are presented that cover the types of descriptive tasks that need to be attempted. These include models for tables of data, line graphs, bar charts and diagrams. Each task is presented in color and very closely reflects the types of Task 1 questions you will meet. By following the models and reading the detailed analysis contained in the feedback notes for each task, you will begin to understand what is required of you. Eight IELTS Task 2 models are provided along with detailed feedback notes which will show you how arguments are built up, how single topic paragraphs are essential, how conclusions are drawn and how language needs to flow. Again, these varied tasks are very similar in wording and content to what you will experience in your IELTS exam. This is the first book for the Academic Module in the Models for High Band Scores series, specifically aimed at those who are serious about their IELTS exams and determined to reach their goal of going on to further academic studies or qualifying for entry to another country.
