Milligan, Leon Tikly, 2018-10-16 Almost all low and middle income postcolonial countries now use English or another dominant language as the medium of instruction for some if not all of the basic education cycle Much of the literature about language in education in such countries has focused on the instrumentalist value of English on one side and the rights of learners to high quality mother tongue based education on the other The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction EMI classrooms under researched This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning

in EMI classrooms Contributions illustrate the impact that learning in English has on learners in a range of regional national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies This volume was originally published as a special issue of Comparative Education Developing Strategic Young Writers Through Genre Instruction Zoi A. Philippakos, Charles A. MacArthur, 2019-12-19 Chapter 1 contains a definition and explanation of genre based strategy instruction with self regulation for kindergarten through grade 2 In Chapter 2 we discuss writing purposes and the writing process and we provide explanations about how to make connections between reading and writing under the larger umbrella concept of genre In Chapter 3 we explain the strategy for teaching strategies which is the instructional blueprint for using this book and for the development of additional genre based lessons Chapters 4 to 6 are instructional chapters and include the lessons and resources for responses to reading opinion writing procedural writing and story writing Chapter 7 includes guidelines for sentence writing and application of oral language in grammar instruction *Classroom Teaching* Joe L. Kincheloe, 2005 Classroom Teaching An Introduction provides both prospective and practicing educators with a provocative examination of some of the most practical concerns of teaching Topics include classroom management effective and creative teaching methods classroom violence motivation legal issues of teaching technology diversity and parental involvement in their children s educational progress Throughout this volume special attention is given to respect for the profession and to the capacity for self direction among educators Both practical and visionary Classroom Teaching An Introduction examines the challenges of today s classroom new and exciting ways and engages teachers with questions involving educational purpose curriculum development contemporary educational politics the various contexts in which schooling takes place and the conceptual frameworks on which teachers can ground their teaching This is a smart book on the nature of teaching and how to do it well There is no other book like it Spanish Learner Corpus Research Margarita Alonso-Ramos, 2016-12-16 The aim of this book is to present a comprehensive picture of the current state of Spanish learner corpus research SLCR which makes it unique since no other monograph has focused on collecting research dealing with learner corpora of any language other than English In addition to an introductory appraisal of current SLCR as well as a wake up call reminding us that learner corpus design still needs to be improved this volume features a selection of original studies ranging from general issues concerning learner corpora compilation to more specific aspects such as phonetic lexical grammatical and pragmatic features of the interlanguage of learners of Spanish as reflected in corpus data This volume will undoubtedly be of significant interest to researchers involved in corpus linguistics second language acquisition research as well as to professionals in the field of Spanish as a second language including teachers and creators and publishers of teaching materials **History and Philosophy of Psychology** Man Cheung Chung, Michael E. Hyland, 2012-02-20 History and Philosophy of Psychology is a lively introduction to the historical development of psychology Its distinct inclusion of ideas from both Eastern and Western philosophies offers students a uniquely broad view of human

psychology Whilst covering all the major landmarks in the history of psychology the text also provides students with little known but fascinating insights into key questions such as whether Freud really cured his patients what was nude psychotherapy and were the early psychologists racist Encourages students to explore the philosophical and theoretical implications of the historical development of psychology Explores key theoretical ideas and experiments in detail with background to their development and valuable suggestions for further reading **Therapeutic Storywriting** Trisha Waters,2012-12-06 Literacy work can provide a therapeutic context in which to support children with emotional and behavioural difficulties in mainstream schools This text provides a clear theoretical rationale for therapeutic storywriting
