Shree Rajneesh and his followers were involved in nefarious activities including prostitution drug smuggling sexual abuse of children and murder conspiracy The Rajneesh Chronicles explains this behavior and why the cult that committed the first act of bioterrorism in the U S was trying to cultivate a live AIDS virus Bhagwan Shree Rajneesh widely known as the sex guru fled India in 1981 and came to settle on a ranch in central Oregon where he and his followers established the illegal city of Rajneeshpuram In their effort to preserve the city the Rajneeshees attempted during the 1984 election to take control of the Wasco County government by poisoning two county commissioners and over 700 potential voters in The Dalles the county seat with salmonella the first act of bio terrorism in U S history Armed to the teeth with semiautomatic weapons they threatened to defend the city to the death against any governmental intrusion and hatched a plot to assassinate a U S attorney When the commune finally imploded and authorities arrived on the scene they discovered that the Rajneesh nurse who had cultivated salmonella bacteria in the commune s biological warfare laboratory was also trying to cultivate a live AIDS virus which deranged group leaders clearly hoped to unleash on the rest on the world The Rajneesh Chronicles is a collection of in depth investigative and analytical articles published in Oregon Magazine covering the entire period from the time of the cult s arrival in Oregon in mid 1981 to its dramatic disintegration at the end of 1985 with an introductory chronology that extends the story up to the present While most press treated the cult s antics as a humorous sideshow typified by the Bhagwan s dozens of Rolls Royces editor in chief Win McCormack and other of the magazine s writers systematically exposed the full range of the Rajneeshees depraved behavior including their involvement in prostitution and international drug smuggling sexual exploitation of children abuse of homeless people they imported into Rajneeshpuram to register as voters and the use of brainwashing techniques bordering on torture The tale of the Rajneesh has become an amorphous legend few inside or outside of Oregon actually understand The Rajneesh Chronicles fully illuminates the shocking reality behind that legend *Journal of the Engineers' Club of Philadelphia and Affiliated Societies* ,1916

Subcommittee on the Departments of State, Justice, and Commerce, the Judiciary, and Related Agencies,1980 *Sports Law in Hungary* Andras Nemes,2018-02-28 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of sports law in Hungary deals with the regulation of sports activity by both public authorities and private sports organizations The growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations Sports law at a national or

organizational level thus gains a growing relevance in comparative law The book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities Self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play However the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities This form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport It is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured This monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level Lawyers representing parties with interests in Hungary will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law
