Rock Brands Elizabeth Barfoot Christian, 2010-12-22 *Rock Brands Selling Sound in a Media Saturated Culture* edited by Elizabeth Barfoot Christian is an edited collection that explores how different genres of popular music are branded and marketed today The book's core objectives are addressed over three sections In the first part of *Rock Brands* the authors examine how established mainstream artists' bands are continuing to market themselves in an ever-changing technological world and how bands can use integrated marketing communication to effectively brand themselves This branding is intended as a protection so that technology and delivery changes don't stifle the bands' success KISS AC/DC Ozzy Osbourne Phish and Miley Cyrus are all popular musical influences considered in this part of the analysis In the second section the authors explore how some musicians effectively use attention-grabbing issues such as politics for example Kanye West and countless country musicians and religion such as with Christian heavy metal bands and Bon Jovi in their lyrics and also how imagery is utilized by artists such as Marilyn Manson to gain a fan base Finally the book will explore specific changes in the media available to market music today see M.I.A. and her use of new media and similarly how these resources can benefit music icons even after they are long gone as with Elvis and Michael Jackson *Rock Brands* further examines gaming reality television and social networking sites as new outlets for marketing and otherwise experiencing popular music What makes some bands stand out and succeed when so many fail How does one find a niche that isn't just kitsch and can stand the test of time allowing the musician to grow as an artist as well as grow a substantial fan base Elizabeth Barfoot Christian and the book's contributors expertly navigate these questions and more in *Rock Brands Selling Sound in a Media Saturated Culture*

Soccer around the World Charles Parrish, John Nauright, 2014-04-21 Two leading sports authorities explore the culture of soccer around the world considering the sport as a means to better understand a society's past present and future How popular is soccer worldwide Here's one indicator 3.2 billion people nearly half of the planet's population tuned in to watch the 2010 World Cup on television Soccer matches attract a gargantuan number of fans from around the globe due to the popularity of the sport itself but also because of the nationalism it inspires and the entertainment spectacle of the big games Distinguished authors and sports authorities Charles Parrish and John Nauright examine how soccer impacts societies worldwide by shaping national identities providing common ground for diplomatic issues and forging economic and social development This one-volume geographic guide studies the places in which soccer has a major impact examining each region's teams major tournaments key players and international performance The authors organize the book geographically by region and country with entries reviewing the history of the sport and cultural impact on the area Each profile concludes with fascinating game-based statistics such as winners of major tournaments and top goal scorers The book covers 20 countries including England Brazil Egypt the United States Cameroon and Korea

Pulsation in Architecture Eric Goldemberg, 2012 *Pulsation in Architecture* highlights the role of digital design

as the catalyst for a new spatial sensibility related to rhythmic perception It proposes a novel critical reception of computational architecture based on the ability of digital design to move beyond mere instrumentality and to engage with core aspects of the discipline the generative engine of digital architecture reinvigorates a discourse of part to whole relationships through the lens of rhythmic affect There is a paradigm shift in spatial perception due to the intense use of computational techniques and the capacity to morph massive amounts of data in spatial patterns rhythm plays a pivotal role in the articulation of the topology of buildings generating the atmospheric character that induces moods and throbbing sensations in space Pulsation introduces the fundamental animate capacity of living form and reshapes our perception of architectural space across the multiple scales of a project from digital inception to fabrication An emerging thread of rhythmic sensibility loosely binds a survey of contemporary design practices including contributions by Peter Eisenman Jeff Kipnis Greg Lynn UNStudio Preston Scott Cohen Reiser Umemoto Asymptote Ali Rahim Hernan Diaz Alonso Ruy Klein Gage Clemenceau NOX Evan Douglass Studio kokkugia and MONAD Studio
