## Introduction

**NOKIA**  
**6300**

### Important:

This document is intended for use by authorized service centers only.

**RM-217/RM-222**

"Service Schematics" was created with focus on customer care.  
The purpose of this document is to provide further technical repair information for NOKIA mobile phones or fixed line service activities.  
It contains additional information such as e.g. "Component finder",  
"Frequency based table" or "Isometric touch table".  
The "Signal overview" page gives a good and fast overview about the most important signals and voltages on board.  
Taking precise time and improving the repair quality is the aim of this document.  
It is to be used additionally to the service manual and other training  
or service information such as Service Bulletin.

All measurements must be taken following conditions:
