Resources in Education ,2000 **Call to Teacher Leadership** Sally J. Zepeda,R. Stewart Mayers,Brad

Benson,2013-09-27 The Call to Teacher Leadership demonstrates the many ways teachers can be leaders without having to opt out of the classroom full time It examines formal leadership positions instructional coordinators lead teachers department chairs etc as well as informal leadership roles nurturing colleagues supporting the instructional program participating in decision making etc With practical examples and case studies this book provides details about how teachers have participated in the leadership of their schools and districts Examples come from elementary middle and high schools across the country **Educational Considerations** ,1998 **Hearings, Reports and Prints of the House Committee on**

Education and Labor United States. Congress. House. Committee on Education and Labor,1974 **Teachers Without Borders?** Alyssa Hadley Dunn,2013 Teachers Without Borders is the story of four Indian teachers who came to the United States in the face of tremendous personal and professional odds to teach in urban schools Their experiences are brought to life in this groundbreaking empirical study through interviews with their principals district representatives in charge of recruitment and orientation recruitment agency personnel and union representatives as well as in depth classroom observations and student commentary This well researched work raises an essential question If international teachers face daily exploitation a lack of personal and professional support and a lack of pedagogical and cultural preparation are they able to give urban students the high quality multicultural education they need and deserve Book Features An engaging case study that tackles competing discourses about immigration globalization and teacher quality The voices of international teachers highlighting the successes and challenges of their experience and comparisons to teachers in other cities across the country An examination of the differences in student and teacher expectations and how these influence teaching and learning Alyssa Hadley Dunn is an assistant professor of urban teacher education at Georgia State University Teachers Without Borders underscores the need for teacher educators and district personnel to incorporate culturally relevant pedagogy into their programs and professional support From the Foreword by Jacqueline Jordan Irvine Teachers Without Borders documents the advent of hiring international teachers to fill shortages in urban schools Dunn s extraordinary analysis shows the lack of preparation of these teachers and as important she teaches us how to build the kind of support that will transform this kind of teacher recruitment into a system that matters for students their schools and their communities Ann Lieberman Senior Scholar Stanford University co author of Teachers in Professional Communities and How Teachers Become Leaders Alyssa Hadley Dunn argues that both students and international teachers are being misled This is an excellent and important study Carl A Grant Hoefs Bascom Professor University Wisconsin Madison In this highly readable case study Dunn exposes how the rhetoric of cultural awareness used to justify hiring temporary international teachers masks a deeper devaluation of teachers students of color and pedagogical knowledge Christine Sleeter professor emerita California State University Monterey Bay co

author of *Teaching with Vision Culturally Responsive Teaching in Standards Based Classrooms Teachers Without Borders* will transport you through the local and the global interweaving nuanced portraits of teachers from abroad with troubling unveilings of the bigger picture behind teacher recruitment and school reform Insightful passionate and expansive this book is a must read Kevin Kumashiro University of Illinois at Chicago author of *Bad Teacher How Blaming Teachers Distorts the Bigger Picture* In this brilliantly rendered case we see the human consequences when advocates adopt profit driven strategies assume quick fix solutions and embrace an arid view of teaching and learning We can also glimpse pathways toward creating a system capable of educating all children in our wildly diverse democracy William Ayers educator and bestselling author of *To Teach Third Edition* and *Teaching the Taboo Teachers Without Borders* opens a new window on the complex realities of cultural literacy in our schools the challenges of culturally responsive pedagogy in our classrooms and the still promising opportunities for reform today Jeff Biggers author of *State Out of the Union Arizona and the Final Showdown Over the American Dream* This highly readable and moving book couples compelling case studies with hard hitting social and political critique In a sensitive yet unflinching analysis Alyssa Hadley Dunn exposes the complex economic professional and humanitarian issues involved in international teacher recruitment Although many readers will not be aware of this problem before reading the book they will never be able to forget it once they do Marilyn Cochran Smith Cawthorne Professor of Teacher Education Lynch School of Education Boston College *The Nation* ,1912 *The Living Church* ,2003

Troublemaker Chester E. Finn, Jr.,2008-02-04 Few people have been more involved in shaping postwar U S education reforms or dissented from some of them more effectively than Chester Finn Assistant secretary of education under Ronald Reagan and an aide to politicians as different as Richard Nixon and Daniel Moynihan Finn has also been a high school teacher an education professor a prolific and best selling writer a think tank analyst a nonprofit foundation president and both a Democrat and Republican This remarkably varied career has given him an extraordinary insider s view of every significant school reform movement of the past four decades from racial integration to No Child Left Behind In *Troublemaker* Finn has written a vivid history of postwar education reform that is also the personal story of one of the foremost players and mavericks in American education Finn tells how his experiences have shaped his changing views of the three major strands of postwar school reform standards driven choice driven and profession driven Of the three Finn now believes that a combination of choice and standards has the greatest potential but he favors this approach more on pragmatic than ideological grounds arguing that parents should be given more options at the same time that schools are allowed more flexibility and held to higher performance norms He also explains why education reforms of all kinds are so difficult to implement and he draws valuable lessons from their frequent failure Clear eyed yet optimistic Finn ultimately gives grounds for hope that the best of today s bold initiatives from charter schools to technology to makeovers of school system governance are finally beginning to make a difference *The Eastern Underwriter* ,1921 *Catalog of Copyright Entries*,
