Auditing and GRC Automation in SAP Maxim Chuprunov,2013-04-09 Over the last few years financial statement scandals cases of fraud and corruption data protection violations and other legal violations have led to numerous liability cases damages claims and losses of reputation As a reaction to these developments several regulations have been issued Corporate Governance the Sarbanes Oxley Act IFRS Basel II and III Solvency II and BilMoG to name just a few In this book compliance is understood as the process mapped not only in an internal control system that is intended to guarantee conformity with legal requirements but also with internal policies and enterprise objectives in particular efficiency and

profitability The current literature primarily confines itself to mapping controls in SAP ERP and auditing SAP systems Maxim Chuprunov not only addresses this subject but extends the aim of internal controls from legal compliance to include efficiency and profitability and then well beyond because a basic understanding of the processes involved in IT supported compliance management processes are not delivered along with the software Starting with the requirements for compliance Part I he not only answers compliance relevant questions in the form of an audit guide for an SAP ERP system and in the form of risks and control descriptions Part II but also shows how to automate the compliance management process based on SAP GRC Part III He thus addresses the current need for solutions for implementing an integrated GRC system in an organization especially focusing on the continuous control monitoring topics Maxim Chuprunov mainly targets compliance experts auditors SAP project managers and consultants responsible for GRC products as readers for his book They will find indispensable information for their daily work from the first to the last page In addition MBA management information system students as well as senior managers like CIOs and CFOs will find a wealth of valuable information on compliance in the SAP ERP environment on GRC in general and its implementation in particular Invoice Verification and the GR/IR in SAP S/4HANA Oona Flanagan, 2024-06-19 Most organizations receive so many supplier invoices daily that it becomes too difficult to manage without automation to verify that the invoices are correct and can be paid This book gives you an in depth look at how invoice verification works in SAP S4 HANA Explore how different posting types are made and how to monitor and make corrections when there is no exact three way match between the purchasing document the goods or services receipt and the invoice Learn how to review blocked invoices so that suppliers can be paid as well as ensure that the general ledger accurately reflects what has been received invoiced and what should be accrued Explore opportunities for streamlining your invoice verification process Take a closer look at new functionality available with SAP S 4HANA and Fiori as well as how some processes have been simplified Walk through the invoice verification stages using Fiori and other apps By using practical examples tips and screenshots the author brings readers quickly up to speed on invoice verification and the GR IR in SAP S 4HANA Invoice verification process in SAP S 4HANA Tools for GR IR reconciliation Configuration settings that affect the invoice verification process Period end processes and reporting *Boston Medical and Surgical Journal* ,1847 The Boston Medical and Surgical Journal ,1847 Using SAP R/3 FI Ben W. Rockefeller, 1998-02-17 This book is for the professional financial manager accountant or bookkeeper who needs to learn the basics of SAP R 3 FI quickly without wading through a morass of technical jargon Featuring a clear functional outline copious sample screens and simple step by step instructions Using SAP R 3 FI presents the most widely used FI functions in plain argot free English following menu lines from the actual program The book also provides details about using FI for international business such as translating the chart of accounts keeping accounts in foreign currency entering transactions in foreign currency and revaluing accounts and open items in different currencies You ll also learn the highlights of integrating R 3 FI with SD order entry shipping and invoicing

and MM purchasing receiving and inventory control This remarkably detailed manual shows you how to use R 3 FI for all your basic accounting functions including General ledger Accounts receivable Accounts payable System administration And much much more **Indian Trade Journal** ,2011-12-10
