The Fall of France in the Second World War Richard Carswell, 2019-02-01 This book examines how the fall of France in the Second World War has been recorded by historians and remembered within society It argues that explanations of the fall have usually revolved around the four main themes of decadence failure constraint and contingency It shows that the dominant explanation claimed for many years that the fall was the inevitable consequence of a society grown rotten in the inter war period This view has been largely replaced among academic historians by a consensus which distinguishes between the military defeat and the political demise of the Third Republic It emphasizes the contingent factors that led to the military defeat At the same time it seeks to understand the constraints within which France s policy makers were required to act and the reasons for their policy making failures in economics defence and diplomacy

Secret Intelligence in the European States System, 1918-1989 Jonathan Haslam, Karina Urbach, 2013-12-18 The history of secret intelligence like secret intelligence itself is fraught with difficulties surrounding both the reliability and completeness of the sources and the motivations behind their release which can be the product of ongoing propaganda efforts as well as competition among agencies Indeed these difficulties lead to the Scylla and Charybdis of overestimating the importance of secret intelligence for foreign policy and statecraft and also underestimating its importance in these same areas problems that generally beset the actual use of secret intelligence in modern states But in recent decades traditional perspectives have given ground and judgments have been revised in light of new evidence This volume brings together a collection of essays avoiding the traditional pitfalls while carrying out the essential task of analyzing the recent evidence concerning the history of the European state system of the last century The essays offer an array of insight across countries and across time Together they highlight the critical importance of the prevailing domestic circumstances technological governmental ideological cultural financial in which intelligence operates A keen interdisciplinary eye focused on these developments leaves us with a far more complete understanding of secret intelligence in Europe than we ve had before

A Certain Idea of France Julian Jackson, 2018-06-18 A SUNDAY TIMES THE TIMES DAILY TELEGRAPH NEW STATESMAN SPECTATOR FINANCIAL TIMES TLS BOOK OF THE YEAR Masterly awesome reading an outstanding biography Max Hastings Sunday Times The definitive biography of the greatest French statesman of modern times In six weeks in the early summer of 1940 France was over run by German troops and quickly surrendered The French government of Marshal P tain sued for peace and signed an armistice One little known junior French general refusing to accept defeat made his way to England On 18 June he spoke to his compatriots over the BBC urging them to rally to him in London Whatever happens the flame of French resistance must not be extinguished and will not be extinguished At that moment Charles de Gaulle entered into history For the rest of the war de Gaulle frequently bit the hand that fed him He insisted on being treated as the true embodiment of France and quarrelled violently with Churchill and Roosevelt He was prickly stubborn aloof and self contained But through sheer force of

personality and bloody mindedness he managed to have France recognised as one of the victorious Allies occupying its own zone in defeated Germany For ten years after 1958 he was President of France s Fifth Republic which he created and which endures to this day His pursuit of a certain idea of France challenged American hegemony took France out of NATO and twice vetoed British entry into the European Community His controversial decolonization of Algeria brought France to the brink of civil war and provoked several assassination attempts Julian Jackson s magnificent biography reveals this the life of this titanic figure as never before It draws on a vast range of published and unpublished memoirs and documents including the recently opened de Gaulle archives to show how de Gaulle achieved so much during the War when his resources were so astonishingly few and how as President he put a medium rank power at the centre of world affairs No previous biography has depicted his paradoxes so vividly Much of French politics since his death has been about his legacy and he remains by far the greatest French leader since Napoleon France in the World Patrick Boucheron,Stéphane Gerson,2019-04-09 Short essays offer a kaleidoscopic provocative history of France and its place within the world from its prehistoric frescoes to Coco Chanel to the terrorist attacks of 2015 New Yorker A major work exhaustive controversial and fresh and entirely relevant to Anglophone readers that redefines how we write about national and world history Guardian Bringing together an impressive group of established and up and coming historians this bestselling French history conceives of France not as a fixed rooted entity but instead as a place and an idea in flux moving beyond all borders and frontiers shaped by exchanges and mixtures Presented in chronological order from 34 000 BC to modern day each chapter covers a significant year from its own particular angle the marriage of a Viking leader to a Carolingian princess proposed by Charles the Fat in 882 the Persian embassy s reception at the court of Louis XIV in 1715 the Chilean coup d tat against President Salvador Allende in 1973 that mobilized a generation of French left wing activists France in the World combines the intellectual rigor of an academic work with the liveliness and readability of popular history With a brand new preface aimed at an international audience this English language edition will be an essential resource for Francophiles and scholars alike **Paul Reynaud** Jean-Pierre Guichard,2008-07-01 A la diff rence des biographies classiques cet ouvrage ne rend compte que d une tranche de vie mais capitale s il en est en raison des circonstances et des responsabilit s assum es elle engagea tout la fois la propre destin e de Paul Reynaud et le destin de la France Il relate la trag die personnelle d un homme broy par les mythes p tainiste et gaulliste qu il contribua cr er **Histoire de France, volume 4** Julian Gomez Pardo,2022-02-22 Cette histoire de France en quatre volumes fait la part belle l histoire v nementielle ses h ros ses l gendes ses lieux et monuments Elle met galement en valeur les grandes volutions sociales conomiques et culturelles de chaque poque la plus r cente synth se d un r cit chronologique d apr s les recherches des plus grands historiens des biographies des principaux personnagesle point sur les v nements les plus marquants de l histoire nationale et sur les principaux monuments de la m moire nationaleune pr sentation des grands d bats historiographiques contemporains **Histoire mondiale de la France (nouvelle édition)**

Collectif, 2025-10-10T00:00:00+02:00 Ce ne serait pas trop de l'histoire du monde pour expliquer la France Jules Michelet Introduction l'histoire universelle 1831 Voici une histoire de France de toute la France en très longue durée qui mène de la préhistoire aux événements de 2024 sans ambition d'exhaustivité Une histoire qui ne s'embarrasse pas plus de la question des origines que de celle de l'identité mais prend au large le destin d'un pays qui n'existe pas simplement du monde même si elle prétend parfois l'incarner tout entier Une histoire qui n'abandonne pas pour autant la chronologie ni le plaisir du récit puisque c'est par dates qu'elle s'organise et que chaque date tantôt classique tantôt décalée est traitée comme une petite intrigue Récitant conciliant dialogue critique et narration entraînante l'ouvrage réunit un collectif d'historiennes et d'historiens tous attachés à rendre accessible un discours engagé et savant Son enjeu est clair il s'agit de prendre la mesure d'une histoire mondiale de la France c'est-à-dire de raconter la même histoire nullement contre le récit ici qui revisite tous les lieux de mémoire du récit national mais pour la déplacer la dépasser et l'élargir Parce que l'histoire s'écrit toujours depuis le présent l'ouvrage est ici actualisé mis jour par ses autrices et auteurs et augmenté d'une trentaine de textes inédits Dans ses différentes versions il s'est vendu 180 000 exemplaires un succès sans équivalent pour un ouvrage collectif Il a aussi été adapté dans une douzaine de pays
