Mission Statement

It is the mission of the Poliquin International Certification Program to globally foster and educate our strength coaches and personal trainers. Providing them with superior education and practical application, in turn will raise the level of sport performance and healthy lifestyle ideas. Poliquin Performance was founded on this philosophy and continues to be our driving force to help us remain the world leader in strength and conditioning education.

Program Overview

The Poliquin International Certification Program (PICP) recognizes strength coaches around the world who demonstrate the knowledge and skills able to effectively train athletes internationally.

Higher-quality strength coaching is an imperative component in improving sports performance. The PICP will provide strength coaches with unsurpassed skills in program design and teaching methodologies.

Routledge Handbook of Strength and Conditioning Anthony Turner, 2018-02-01 Drawing on the latest scientific research this handbook introduces the essentials of sport specific strength and conditioning programme design for over 30 different sports Enhanced by extensive illustrations and contributions from more than 70 world leading experts its chapters present evidence based best practice for sports including football rugby tennis hockey basketball rowing boxing golf swimming cycling and weightlifting as well as a variety of wheelchair sports Every chapter introduces the fundamental requirements of a particular sport such as the physiological and biomechanical demands on the athlete and describes a sport specific fitness testing battery and exercise programme Additional chapters cover the adaptation of programme design for special populations including female athletes young athletes and athletes with a disability Drawing on the experiences of Olympic and Paralympic coaches and trainers it offers original insights and practical advice from practitioners working at the highest level Innovative comprehensive and truly international in scope the Routledge Handbook of Strength and Conditioning is vital reading for all strength and conditioning students and an invaluable reference for strength and conditioning coaches and trainers

The Complete Guide to Functional Training Allan Collins, 2015-12-24 As well as being the concept in fitness and strength and conditioning functional training is also probably the most poorly understood concept in fitness Functional training is any exercise that improves your ability to perform tasks required in your day to day life job or chosen sport so that each movement included as part of your workout mimics a range of motion or engages muscles that are necessary to impact on performance whether it be on the rugby pitch or simply the ability to lift small children out of car seats Includes over 100 functional exercises and detailed pictures and descriptions of all the techniques show you clearly how to apply them into your training programme

The Complete Guide to Kettlebell Training Allan Collins, 2015-12-08 The perfect introduction to kettlebell training a hugely popular piece of equipment with tried and tested results A kettlebell is a weight that looks like a cannonball with a handle Originating from Russia kettlebell training is now a global phenomenon with clubs gyms and individuals investing in equipment and training Weights range from 4kg to 48kg They differ from dumbbells and barbells in that the centre of mass is offset from the handle so the weight constantly pulls against your hand improving coordination and anaerobic fitness and strengthening your core muscles Kettlebells can be used for a variety of purposes from weight loss to strength training by people with a range of fitness levels Popular with celebrities such as Penelope Cruz and Sylvester Stallone they are also used for training players at Chelsea and Liverpool football clubs and in 2010 the British Army got on board when their PTI corp responsible for the Army's physical training signed up to a 30 day course designed and implemented by the author The book includes information on the benefits of kettlebell training and how to use the equipment safely and provides warm ups drills and training programmes for beginner intermediate and advanced levels From buying a kettlebell to training for weight loss it's a comprehensive guide to a popular new fitness tool

Naturopathic Physical Medicine Leon Chaitow, 2008-04-24 NATUROPATHIC PHYSICAL MEDICINE provides a philosophical naturopathic perspective as well as practical clinical applications for manual and physical approaches to health care A wide range of bodywork and movement approaches and modalities are evaluated in relation to their ability to be appropriately used in naturopathic treatment and rehabilitation settings The model of care emphasised in this text recognizes that naturopathically oriented therapeutic interventions usually focus on achieving one or all of the following enhancement of function so that the person system or part can better self regulate in response to adaptive demands modification or removal of adaptive load factors and symptomatic relief without creation of significant additional adaptive changes **Performing**

Animals Karen Raber, Monica Mattfeld, 2017-09-07 From bears on the Renaissance stage to the equine pageantry of the nineteenth century hunt animals have been used in human orchestrated entertainments throughout history The essays in this volume present an array of case studies that inspire new ways of interpreting animal performance and the role of animal agency in the performing relationship In exploring the human animal relationship from the early modern period to the nineteenth century Performing Animals questions what it means for an animal to perform examines how conceptions of this relationship have evolved over time and explores whether and how human understanding of performance is changed by an animal's presence The contributors discuss the role of animals in venues as varied as medieval plays natural histories dissections and banquets and they raise provocative questions about animals agency In so doing they demonstrate the innovative potential of thinking beyond the boundaries of the present in order to dismantle the barriers that have traditionally divided human from animal From fleas to warhorses to animals that perform even after death this delightfully varied volume brings together examples of animals made to act in ways that challenge obvious notions of performance The result is an eye opening exploration of human animal relationships and identity that will appeal greatly to scholars and students of animal studies performance studies and posthuman studies In addition to the editors the contributors are Todd Andrew Borlik Pia F Cuneo Kim Marra Richard Nash Sarah E Parker Rob Wakeman Kari Weil and Jessica Wolfe **Sports**
