Recruit Student Guide Nypd:

Evaluation of the New York City Police Department Firearm Training and Firearm-discharge Review Process

Bernard Rostker,2008 In January 2007 New York City Police Commissioner Raymond W Kelly asked the RAND Corporation to examine the quality and completeness of the New York City Police Department s firearm training program and identify potential improvements in it and in the police department s firearm discharge review process This monograph reports the observations findings and recommendations of that study Policing within the Law John Eterno,2003-07-30 At a time when police abuses and errors make the headlines it is important to understand just what goes into the decisions that police make when they are confronted with various crime scenarios in the line of duty Required to respond within the law many officers are able to respond in a legal manner to crime situations in which court decisions are written clearly and with easily applied guidelines But what happens when those decisions and laws are written in a way that invites interpretation and varies from situation to situation Based on a case study of New York City police officers this important volume analyzes how officers contend with often ambiguous laws in the face of specific crime scenarios In addition the author explores other influences on police decision making including officer characteristics and attitudes and makes policy recommendations in an effort to encourage the reinforcement of legal guidelines so that the rights of individuals are appropriately balanced with the duty to control crime Based on a survey of nearly 1 300 officers responses to specially designed hypothetical crime scenarios this study illustrates how police officers are likely to react with regard to the law in these situations While officers tend to act legally where the laws are clear less clearly articulated laws leave the police with a variety of different options for action in ambiguous situations For instance in weapons scenarios the survey showed that officers would often take advantage of ambiguity in the law with regard to how they may respond In drug scenarios officers will increase their tendency to do a search if the situation is slightly ambiguous though they will decrease their search responses when the situation appears to be highly ambiguous Eterno carefully examines the various responses and the laws that are meant to guide what police may or may not do in given situations concluding that better laws and bright line rules will help to check and balance the need to fight crime aggressively while preventing the abuse of authority that may arise in questionable circumstances *Police Corruption in the NYPD* Steven V. Gilbert,2017-07-27 Police Corruption in the NYPD From Knapp to Mollen explores how the New York Police Department experienced two major investigations within a quarter of a century It compares the states of corruption within the NYPD during the Knapp and Mollen commissions examining why corruption continued and why the revealed ethical breaches became more serious *Seven Shots* Jennifer C. Hunt,2010-09-15 On July 31 1997 a six man Emergency Service team from the NYPD raided a terrorist cell in Brooklyn and narrowly prevented a suicide bombing of the New York subway that would have cost hundreds possibly thousands of lives Seven Shots tells the dramatic story of that raid the painstaking police work involved and its paradoxical aftermath which drew the officers into a conflict with other rank and

file police and publicity hungry top brass Jennifer C Hunt draws on her personal knowledge of the NYPD and a network of police contacts extending from cop to four star chief to trace the experience of three officers on the Emergency Service entry team and the two bomb squad detectives who dismantled the live device She follows their lives for five years from that near fatal day in 1997 through their encounters inside the brutal world of departmental politics and on to 9 11 when they once again put their lives at risk in the fight against terrorism racing inside the burning towers and sorting through the ash debris and body parts Throughout this fast paced narrative Hunt maintains a strikingly fine grained street level view allowing us to understand the cops on their own terms and often in their own words The result is a compelling insider s picture of the human beings who work in two elite units in the NYPD and the moral and physical danger and courage involved As gripping as an Ed McBain novel and just as steeped in New York cop culture and personalities *Seven Shots* takes readers on an unforgettable journey behind the shield and into the hearts of New York City police **Building a World-Class**

Compliance Program Martin T. Biegelman,2008-03-11 Written by a long standing practitioner in the field this timely and critical work is your best source for understanding all the complex issues and requirements associated with corporate compliance It provides clear guidance for those charged with protecting their companies from financial and reputational risk litigation and government intervention who want a robust guide to establish an effective compliance program **Police**

Practices and Civil Rights in New York City Mary Frances Berry,2000-12 On May 26 1999 the U S Commission on Civil Rights conducted a hearing in New York City to examine current police practices police community relations civilian complaints *The Advocate* ,2005-09-27 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine

Established in 1967 it is the oldest continuing LGBT publication in the United States *Reframing Police Education and Freedom in America* Martin Alan Greenberg,Beth Allen Easterling,2023-09-15 This book untangles the components of police education and advocates a robust community based training model with significant civilian oversight The recommended approach recognizes that the citizenry needs to be included in the provision of basic police education for it is they who must both support and be served by their police The police must be role models for society demonstrating that freedom and rights come with obligations both to the community as a whole and to individuals in need within that community Ultimately the quality of police training and the public s safety depend not only on the leadership of police executives as well as the quality of educational institutions and police candidates but also on the building of a community s trust in its police The issues of police recruitment education and retention have greater consequence in an era when protests and other signs of negativity surround law enforcement Several incidents including most notably George Floyd s murder by police have sparked new training initiatives regarding police de escalation and community engagement At the same time the proliferation of gun violence and a contentious political climate have led some officers to refrain from undertaking proactive types of policing In this context reform of the police education system is urgent This book examines police training at all levels of government

local regional state and federal In addition citizen participation programs including the role of the media and programs for furthering law related education LRE are highlighted The proposed police education model recognizes that ordinary members of the American public need to contribute to the provision of basic police education for it is they who must both support and be served by their police The focus is on teaching a guardian style of policing at the local level Police education would combine higher education necessary practical proficiencies and intensive field experiences through a gradual level of greater responsibility likely extending over a 2 plus year period for trainees with less than a year of previous college credits This book will be of interest to a wide range of audiences such as law enforcement professionals and trainers including those in executive development programs in police departments community leaders scholars and policy experts who specialize in policing concerned citizens and students of criminal justice especially those interested in police organization and management criminal justice policy and the historical development of police

Scapegoating Islam Jeffrey L. Thomas, 2015-09-15 Exploring the experience of Muslims in America following 9 11 this book assesses how anti Muslim bias within the U S government and the larger society undermines American security and democracy In the aftermath of the events of September 11 2001 Muslims in America have experienced discrimination and intolerance from the U S government and American citizens alike From religious and ethnic profiling to hate crimes intolerance against Muslims is being reinforced on multiple levels undercutting the Muslim community s engagement in American society This text is essential for understanding how the unjust treatment of American Muslims following September 11 has only served to alienate the Muslim community and further divide the United States Authored by an expert analyst of policy for 20 years this book explores the prejudice against Muslims and how the actions of the U S government continue to perpetuate fear and stereotypes within U S citizens The author posits that by respecting the civil rights of Muslims the government will lead by example in the acceptance of American Muslims improving homeland security along with the lives of Muslims living in the United States

Police Practices and Civil Rights in New York City United States Commission on Civil Rights, 2000 **Document Retrieval Index**, 1974 *Law Enforcement* United States. General Accounting Office, 1998 **Enemies Within** Matt Apuzzo, Adam Goldman, 2014-09-16 Two Pulitzer Prize winning journalists take an unbridled look into one of the most sensitive post 9 11 national security investigations a breathtaking race to stop a second devastating terrorist attack on American soil In *Enemies Within* Matt Apuzzo and Adam Goldman reveal how New York really works James Risen author of *State of War* and lay bare the complex and often contradictory state of counterterrorism and intelligence in America through the pursuit of Najibullah Zazi a terrorist bomber who trained under one of bin Laden s most trusted deputies Zazi and his co conspirators represented America s greatest fear a terrorist cell operating inside America This real life spy story uncovered in previously unpublished secret NYPD documents and interviews with intelligence sources shows that while many of our counterterrorism programs are more invasive than ever they are often counterproductive at best After 9 11 New York Police

Commissioner Ray Kelly initiated an audacious plan for the Big Apple dispatch a vast network of plainclothes officers and paid informants called rakers and mosque crawlers into Muslim neighborhoods to infiltrate religious communities and eavesdrop on college campuses Police amassed data on innocent people often for their religious and political beliefs But when it mattered most these strategies failed to identify the most imminent threats In *Enemies Within* Appuzo and Goldman tackle the tough questions about the measures that we take to protect ourselves from real and perceived threats They take you inside America s sprawling counterterrorism machine while it operates at full throttle They reveal what works what doesn t and what Americans have unknowingly given up Did the Snowden leaks trouble you You ain t seen nothing yet Dan Bigman Forbes editor

College Guide for Performing Arts Majors Carole J. Everett, Peterson's, 2009-09-14 Describes graduate programs in art dance music and theater and lists undergraduate programs **The Advocate** ,2005 **Rape in the United States** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Crime and Drugs, 2011

Congressional Record United States. Congress, 2012 *Enhancing Human Performance in Security Operations* Paul T. Bartone, 2010 In this age of terrorism world and national security as well as policing the streets of our country have become an increasingly important objective This book brings together international experts on stress resiliency and performance These experts draw on the latest research with military and police personnel to provide an integrated perspective on the psychological pressures involved in this type of work as well as practical recommendations on how to optimize human performance in security operations This book examines the research and practical applications to the field of security opera

Ohio State Journal of Criminal Law ,2016 *The Making of a Cop* Harvey Rachlin, 1991-11 An accurate account of the rigorous discipline and intensive instruction in the New York police academy and of how that training changes the lives of the young men and women who will soon be out there on the streets
