is listened to all over the world The Making of Constitutional Democracy Paolo Sandro, 2022-01-27 This open access book addresses a palpable yet widely neglected tension in legal discourse In our everyday legal practices whether taking place in a courtroom classroom law firm or elsewhere we routinely and unproblematically talk of the activities of creating and applying the law However when legal scholars have analysed this distinction in their theories rather than simply assuming it many have undermined it if not dismissed it as untenable The book considers the relevance of distinguishing between law creation and law application and how this transcends the boundaries of jurisprudential enquiry It argues that such a distinction is also a crucial component of political theory For if there is no possibility of applying a legal rule that was created by a different institution at a previous moment in time then our current constitutional democratic frameworks are effectively empty vessels that conceal a power relationship between public authorities and citizens that is very different from the one on which constitutional democracy is grounded After problematising the most relevant objections in the literature the book presents a comprehensive defence of the distinction between creation and application of law within the structure of constitutional democracy It does so through an integrated jurisprudential methodology which combines insights from different disciplines including history anthropology political science philosophy of language and philosophy of action while also casting new light on long standing issues in public law such as the role of legal discretion in the law making process and the scope of the separation of powers doctrine The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections.com The Oxford Handbook of Meaning in Life Iddo Landau, 2022 Presents the first handbook and scholarly companion to meaning in life Discusses a very wide array of topics in meaning in life research some of which have never been discussed in the philosophical literature until this point Explores among numerous other topics meaning in life and achievement forgiveness gratitude death suicide suffering religion psychology and neuroscience Book jacket
