Tintinalli's Emergency Medicine: A Comprehensive Study Guide, 8th edition Judith E. Tintinalli, J. Stephan Stapczynski, O. John Ma, David M. Cline, Garth D. Meckler, 2016-03-22 The most widely used and highly regarded textbook and reference of emergency medicine Endorsed by the American College of Emergency Physicians The 8th edition of Tintinalli's Emergency Medicine provides the depth and breadth of coverage that reflects the complexity and expertise needed to practice emergency medicine successfully in today's fast paced environments It is an important contemporary clinical emergency care resource for physicians NPs and PAs who practice emergency medicine and for emergency medicine and pediatric emergency medicine fellows It remains the preferred study guide for in training and board examinations and recertification NEW to this edition Full color design with more tables than ever to succinctly present key information Extensive updates to all sections incorporating the latest guidelines evidence based protocols and relevant research Expanded pediatric section with complete clinical information for general and pediatric emergency physicians Expanded coverage of common emergency department procedures with improved illustrations Online access to more than 30 videos covering a wide range of procedural and diagnostic topics and focusing on the latest ultrasound guided techniques From the reviews of the seventh edition Collectively they have once again produced an excellent text that manages to cover the broad scope of emergency medicine while remaining an easily readable and practical resource Last for the inevitable comparison of this current edition of Tintinalli's Emergency Medicine with other available emergency medicine textbooks

available in my opinion Tintinalli's still comes out on top. It is more concise and easier to read than some yet it covers the breadth of emergency medicine practice more comprehensively than others. Just as previous editions did, the seventh presents all of the most pertinent and up-to-date information in a well-organized format that is comprehensive yet easy to read. That and many of the attractive new features in this current edition will ensure its place on my bookshelf for years to come. JAMA

Procedures in Phlebotomy - E-Book John C. Flynn, 2023-08-12 Featuring concise easy-to-read coverage Procedures in Phlebotomy 5th Edition provides clear guidelines for performing both basic and special phlebotomy techniques. It describes proper procedures for venipuncture, special collection procedures, and pediatric and geriatric considerations and addresses essential topics such as infection control, OSHA guidelines, and anatomy and physiology. It also discusses professional issues such as interpersonal communication, department management, total quality, and medical legal topics. This edition includes enhanced infection control and prevention protocols, updated healthcare law coverage, expanded review questions, and an updated practice test to prepare you for classroom and certification success. Step-by-step illustrated procedures clearly outline essential phlebotomy competencies and techniques. Essentials approach focuses on the need to know basics required to practice phlebotomy. Case scenarios woven throughout the chapters help you continually apply content to practice. Review questions in each chapter test your ability to recall information and apply critical thinking skills. Answers and rationales are included in the appendices. Mock certification exam with 150 multiple choice questions and answers provides valuable practice for the credentialing test. Safety Summary focuses on key points to ensure safe practice. Competency checklists facilitate peer, instructor, and self-evaluation on clinical procedures progress. Key terms are listed at the beginning of each chapter, highlighted in the text, and defined in a back-of-book glossary. NEW Protocols for enhanced infection control and prevention address COVID-19 and other emerging pathogens. UPDATED Healthcare law coverage includes up-to-date content on the latest clinical guidelines. EXPANDED and REVISED Review questions and a practice test help prepare you for classroom and certification success. NEW COVID-19 content included throughout where relevant.
