

Alberta Police Cognitive Ability Test (APCAT) Candidate Brochure¹

General Information about the APCAT

Q1. What does the APCAT measure?

A1. The APCAT test measures one's potential to successfully complete police recruit training and to perform effectively as a police officer in the province of Alberta.

Q2. How many questions are there?

A2. The test includes 120 multiple-choice questions.

Q3. How much time is allowed to write the test?

A3. Candidates are given 30 minutes to review a Pretest Study Booklet. They then are given 2 hours and 15 minutes to complete the test.

Q4. What do I need to do to prepare for the test?

A4. Unlike a highschool or university test, it is not necessary to study for the APCAT. The reason is that the APCAT does not measure your knowledge of a particular subject, but rather your ability to think and reason.

Q5. How do I arrange to take the test?

A5. If you need to write the APCAT as part of the application process for a particular police agency, that agency will inform you of where and when you can write the APCAT.

¹ This brochure is provided to prospective APCAT candidates to address common questions they may have about the test. However, the material in this brochure does not give the reader an advantage over someone who has not read the brochure. Therefore, it is not essential, nor necessary, that candidates receive or read this brochure in advance of taking the APCAT.
