GBTI has successfully demonstrated its ability to grow and maintain high standards of performance. This has been possible due to sound HR practices and some key written policies and procedures such as the GBTI Employees Service Rules, Personnel and Administration Manual, Gender Mainstreaming Policy, etc. GBTI's HR policy is a gender sensitive policy based on the following principles:

**Equal opportunity:** GBTI provides equal opportunities to men and women and for this purpose such rules and procedures have been proposed that enable both men and women to show their potential. In some areas where women mobility is restricted or literacy levels are low or they face any constraints that hinder their performance, the GBTI management is allowed to relax rules as compared to those applicable to men to bring women at par with men.

**Transparency:** Though certain levels of supervisory staff enjoy authority over the others, all decisions are documented and the basis of decisions is generally known to all GBTI employees.

**Flexibility to meet diverse requirements of the program:** GBTI's operations cover diverse areas, population, casts and languages; hence the procedures may not be the same across all regions.

**Continuous capacity building:** The driving force of any organization is its people. Therefore, GBTI is committed to build opportunities and pursuit life-long learning for its all employees without any discrimination that gives the capacity to move forward to achieve its mission and sustain its existence.

**Rewarding exceptional performers, innovators and role models** for inspiring other staff to increase programme effectiveness, improve efficiency or mobilize financial resources.

**Zero tolerance for corruption and sexual harassment:** GBTI requires all of its employees to abstain/refrain from corruption and any sort of harassment of employees in the workplace based on a characteristic protected by law, such as sex, race, color, ethnicity, caste, ancestry, religion, age, disability or marital status and a violation of Pakistan laws. Such allegations will not be tolerated. Where it is determined that inappropriate conduct has occurred, GBTI acts promptly to eliminate the conduct and impose corrective action as necessary up to and including termination of employees responsible for such acts.

**Equal opportunity, special consideration for women and people with Disability:** GBTI is an equal opportunity employer. GBTI is committed to recruit and select most competent and qualified persons. Recruitment and selection shall be made executed in a manner that ensures, open competition, and strictly discourage all sorts of discriminations on the basis of sex, creed, religion, and disability. The CEO is authorized to relax rules for the selection for a disadvantaged group for a specific category of employees. For example, in a remote

**Environmental Governance and Avenues for the Ecosystem Approach to management in the Baltic Sea Area** Sara Söderström, 2017-01-17 This thesis explores the avenues for the ecosystem approach to management in the Baltic Sea Region This region is one of the most contaminated water bodies in the world although the first Regional Seas Convention was created here and theregion has a long history of cooperation and environmental protection The current environmental governance arrangements are examined with specific focus on governance structures cross sectoral integration and ecological boundaries The ecosystem approach to management as both a tool and vision of holistic management of natural resources is traced through the evolution of environmental governance as well as its manifestation in contemporary environmental policies in the region It is found that the major EU directives as well as HELCOM polices promote the ecosystem approach and that its presence has increased in recent years it is now the major guiding principle in European marine governance However the governance structures impede implementation in different ways The environmental problem areas in the region all require different governance arrangements thus obstructing a holistic approach The environmental

problems per se also affect each other necessitating far reaching sectoral integration and cross border cooperation which at present is the major obstacle regarding implementation The contemporary trends combining solid regionalisation through HELCOM with increased Europeanisation and macro regionalisation by different EU initiatives offer some promise but the cross sectoral impediments must be resolved if the ecosystem approach is to become a practical approach and not just a policy principle

**Chronic Disease Notes & Reports**, 2000 Understanding Academic Freedom Henry Reichman, 2025-03-25 In the evolving landscape of academic freedom in America this second edition addresses the latest challenges and developments in the field Since the publication of the first edition of Understanding Academic Freedom the never ending struggle to defend academic freedom has entered a demonstrably new phase Legislation determining what can and cannot be taught in schools in Florida Texas and other states has intensified governing board activism that impinges on widely accepted faculty prerogatives Major donors in research teaching and institutional governance have grown bold in their interference Highly polarizing controversies over antisemitism and the Israeli Palestinian conflict as well as debates over diversity equity and inclusion policies continue to broil Taken as a whole these developments indicate that we have entered a new period in the history of American academic freedom Academic freedom long heralded as a core value of American higher education may now be in as much danger as at any time since the 1950s But what is academic freedom Is it the right of faculty members to teach whatever they wish a value upheld for supporters but not opponents amid polarizing controversy or a narrow claim of privilege by a professorial elite immune from public accountability Henry Reichman who chaired the American Association of University Professors Committee A on Academic Freedom and Tenure for nearly a decade mounts a rigorous defense of
