 In this fresh and provocative book Anthony DiMaggio uses the war in Iraq and the United States confrontations with Iran as
 his touchstones to probe the sometimes fine line between news and propaganda Using Antonio Gramsci's concept of
 hegemony and drawing upon the seminal works of Noam Chomsky Edward Herman and Robert McChesney DiMaggio
 combines a rigorous empirical analysis and clear lucid prose to enlighten readers about issues essential to the struggle for a
 critical media and a functioning democracy If as DiMaggio shows our newspapers and television news programs play a
 decisive role in determining what we think and if as he demonstrates convincingly what the media give us is largely
 propaganda that supports an oppressive and undemocratic status quo then it is incumbent upon us to make sure that they
 are responsive to the majority and not just the powerful and privileged few **Research in Education**, 1971-12 *The*
