Off the Rails Beppe Severgnini, 2019-02-12 In this witty and entertaining collection of travel tales an acclaimed journalist explores his obsession with trains and what his rail journeys have taught him about culture and identity I've gone around the world in installments Every trip has been a revelation I've watched regions nations and continents change moods and I've met more people on trains than in forty years of airplane flights Every train trip has been a spectacle Trains are stages caf s bazaars The only talk show that will never go off the air Beppe Severgnini has spent his life traveling the world and not just because he's a journalist he's a passionate unflagging train buff Off the Rails recounts some of his favorite trips across Europe Australia Asia and the United States each journey bringing readers not only to a different place but to a different time from his honeymoon on the Trans Siberian Express in a four person compartment to a winding journey from Russia to Turkey during the last summer of communism to a recent coast to coast trip with his son from Washington D C to Washington State Off the Rails is the perfect getaway for anyone with a touch of wanderlust who dreams of escape or just likes to laugh Filled with memorable characters and perceptive observations it demonstrates hilariously what unites us With the world in chaos and life in perpetual fast forward it's always the right time to hop on board with Beppe Severgnini and meet your charming hapless quarrelsome romantic shifty quirky endearing neighbors

Off the Rails Andrew Murray, 2001 A damning indictment of the chaos on the British railways

Off The Rails Sally Gimson, 2025-08-28 The first major account of HS2 and how it went so wrong A jaunty account of a monumental cock up Makes the unbelievable readable Sir Michael Palin High Speed 2 was to be the crown jewel of British rail The first Intercity railway built north of London in over a century it would connect London with Birmingham Manchester and Leeds bridging the North South divide and propelling Britain's infrastructure into the twenty first century Dogged by mismanagement overspending and incompetence HS2 has collapsed What remains is a bleeding stump between Birmingham and the outskirts of London Euston the central London terminus still seemingly unreachable All of this has cost taxpayers tens of billions Sally Gimson meets with the politicians engineers and ordinary people affected by the failure of HS2 Travelling from demolished council estates in Camden to ghost towns along the now cancelled Northern branch Off the Rails provides a forensic examination of how a vital social project imploded
