Parts Work An Illustrated Guide:

Parts Work Tom Holmes, 2007 This book represents the author's own variant of the IFS Internal Family Systems model as he has used it for nearly twenty years in clinical practice in the classroom with graduate students at Western Michigan University and in workshops and trainings throughout the United States and Europe Here he shares his understanding of why we think feel and act as we do and how we can move toward harmony and balance in our inner and outer lives Introd

The Self-Led Internal Family Systems Workbook Tanis Allen, LMSW, ACSW, 2025-01-28 A self guided workbook to lead yourself through the IFS process and create inner harmony and peace as endorsed by Dr Richard C Schwartz founder of Internal Family Systems Transform the way you relate to yourself and your mental health struggles with this clear and structured guide to Internal Family Systems IFS an evidence based approach to parts work therapy The IFS model views every person as having an internal family of parts or subpersonalities each with their own set of thoughts feelings and roles Some parts hold pain from the past while others work to prevent that pain from surfacing When parts are understood and accepted they can release this pain and heal Developed by a veteran IFS clinician who has lived practiced and trained others on the IFS model for more than 25 years The Self Led Internal Family Systems Workbook can help you connect to your true authentic Self which is always inside of you ready to lead so you can meet your internal family of parts respond compassionately when they're activated and send them healing energy when they need it Key features of this workbook Accessible Self Paced Process Move through the IFS practice at your own speed and comfort level using IFS skills that have been adapted for beginners Clear and Structured Approach Bring clarity and insight to your internal world by navigating it with step by step skills exercises and worksheets Strategies for Common IFS Challenges Learn to work with parts that keep you stuck in problematic cycles and offer compassion to deeply wounded parts Transcripts of Self Led IFS Sessions See how an IFS clinician works with her own parts to address challenges like perfectionism impulse control and more I am very grateful to my friend Tanis Allen for creating this clear practical workbook for helping people access Internal Family Systems IFS therapy on their own Because she knows IFS so well she not only offers very useful and easily followed exercises but also the important cautions and guidelines to make this powerful work safe I enthusiastically endorse this book and see it as an important contribution to the big project of helping everyone change their inner relationships and become more Self led Richard C Schwartz PhD founder of the Internal Family Systems model of psychotherapy *Past Tense* Sacha Mardou, 2024-10-15 A brave and captivating graphic memoir about the power of therapy to heal anxiety and generational trauma When Sacha Mardou turned forty years old she was leading a life that looked perfect on the outside happily married to the love of her life enjoying motherhood and her six year old daughter and her first book had just been published But for reasons she couldn't explain the anxiety that had always plagued her only seemed to be getting worse and then without warning she began breaking out in terrible acne The product of a stoic working class British family Sacha had a deeply

seeded distrust of mental health treatment but now living the life she'd built in the US and desperate for relief she finds herself in a therapist's office for the first time. There she begins the real work of growing up, learning to understand her family of origin and the childhood trauma she thought she'd left hidden in the past but is still entangled in her present life. Past Tense takes us inside Sacha's therapy sessions which over time become life-changing. She begins to come to terms with her turbulent and complicated upbringing which centered around her now estranged father who had a violent relationship with her mother and would later go to prison for sexually abusing her stepsister. With her therapist's guidance, she sees how these wounds and other generational trauma have been passed through her family as far back as her grandmother's experiences during The Blitz of World War Two. And she discovers modalities that powerfully shape her healing along the way, including the work of Bessel Van der Kolk and Richard Schwartz Internal Family Systems. As Sacha's emotional life begins to unfreeze and she lets go of the shame she's long held, she realizes that the work she's doing and her love for her family can ripple outward too, changing her relationships now and creating a new legacy for her daughter. Bravely told, visceral and profoundly moving, Past Tense is a story about our power to break free of the past once and for all and find hope.

EMDR and Attachment-Focused Trauma Therapy for Adults Ann E. Potter, Debra Wesselmann, 2022-09-15

Delivers a unique comprehensive treatment that galvanizes inner resources for reorganizing personality and healing childhood attachment rifts. At the heart of this innovative text is a strengths-based Attachment Focused Trauma Therapy for Adults (AFTT-A) that facilitates healthier functioning and attachment patterns for adult clients. This model uses a multimodal step-by-step approach to restructuring the internal personality system to reclaim the authentic Self by providing new attachment experiences for Child parts of Self and negotiating new adult life roles. AFTT-A orients all inner personality components to the present moment in which unmet childhood needs for nurturing and protection can be met within clients themselves. The book delivers a sequence of scripted protocols that accesses and activates the client's own strengths, creating an internal system of resources and using bilateral stimulation to deepen positive affective shifts. Throughout the book, in Pause and Reflect sections, the authors encourage therapists to think about their own attachment patterns that emerge in therapy sessions and implement activities to enhance personal self-awareness and improve attunement to clients. Short vignettes and excerpts from client sessions illustrate the model's application. End of chapter Points to Remember and Troubleshooting tips reinforce key concepts and underscore common therapy challenges and their solutions. The AFTT-A model is useful not only for EMDR therapists but can be easily integrated with non-EMDR models of trauma therapy. Key Features: Presents protocols and protocol scripts for each step of the therapy process. Uses a PAC (parent-adult-child) model to help clients understand parts of Self and normalize their inner experiences related to attachment trauma. Delivers a standalone treatment for restructuring personality, healing childhood attachment ruptures, and developing effective adult life skills. Integrates preparation and reprocessing phases of EMDR therapy. Promotes in-depth understanding of client behaviors through
