

Population Distributions

How does population distribution affect the outcome?

Activity

Alaska encompasses 377 million acres of unincorporated land, so it is the largest state in the United States, yet with a population of nearly 700,000 people makes the least populated state in America. Even when Alaska is one of the most liberal states and houses the population of nearly 7 million from states 1 (Florida) to the 45th (Mississippi) total votes are consistently overrepresented. What are the reasons for this large population share despite the state's small effect size?

Activity 1 — Population Density and Distribution
