Abandoned to Lust Jennifer Wright Knust, 2005-11-09 Early Christians used charges of adultery incest and lascivious behavior to demonize their opponents police insiders resist pagan rulers and define what it meant to be a Christian. Christians frequently claimed that they and they alone were sexually virtuous comparing themselves to those marked as outsiders especially non believers and heretics who were said to be controlled by lust and unable to rein in their carnal desires. True or not these charges allowed Christians to present themselves as different from and morally superior to those around them. Through careful innovative readings Jennifer Knust explores the writings of Paul Justin Martyr Irenaeus of Lyons and other early Christian authors who argued that Christ alone made self mastery possible. Rejection of Christ led to both immoral sexual behavior and ultimately alienation and punishment from God. Knust considers how Christian writers participated in a long tradition of rhetorical invective a rhetoric that was often employed to defend status and difference. Christians borrowed deployed and reconfigured classical rhetorical techniques turning them against their rulers to undercut their moral and political authority. Knust also examines the use of accusations of licentiousness in conflicts between rival groups of Christians. Portraying rival sects as depraved allowed accusers to claim their own group as representative of true Christianity. Knust's book also reveals the ways in which sexual slurs and their use in early Christian writings reflected cultural and gendered assumptions about what constituted purity morality and truth. In doing so **Abandoned to Lust** highlights the complex interrelationships between sex gender and sexuality within the classical biblical and early Christian traditions.

Love and Lust Theodor Reik, 2017-07-05 These selections from Theodor Reik's work concern the love life and sexual activity of men and women. Reik establishes the theme of this work in the following way: The sex urge hunts for lustful pleasure love is in search of joy and happiness. Over a third of this volume had never been published in book form before it originally appeared half a century ago. Its appearance in paperback for the first time is a welcome addition to current debates liberated from ideological and political constraints. The first part of the book is so far ahead of its time that it is still current. It reveals Reik's departure from Freud's theories and from those of most of his contemporaries in psychology and psychoanalysis. Part Two is a greatly abbreviated version of *Masochism in Modern Man* retaining those parts

with a direct bearing on the subject of this volume Part Three offers two essays on why people remain single In the author's usual direct style they deal with the marriage shyness of the male and the psychological fears and resistance of both men and women to acceptance of the marriage bond Part Four is Reik at his wisest The first lady whom I asked to read the manuscript said smilingly Many of your impressions about us women are correct No man should read the book A few seconds later she said Or rather every man should read the book As Paul Roazen noted in contrast to some of Freud's other followers Reik was prescient early on in distinguishing self love from narcissism Reik believed that genuine self regard was the ultimate basis for developing the capacity to love At times Reik seems to defend women at times to critique them Yet he writes with sympathy and understanding He challenges other authorities who have written on the subject but he also agrees with many of them Love and Lust is civilized writing at its most provocative Reik is authoritative and his book reflects the glow of a rich personality
