Salesforce Com Dev 401 Study Guide

LL Leslie

Salesforce Com Dev 401 Study Guide:

Salesforce Handbook Wes Nolte, Jeff Douglas, 2011-03-01 This book is not intended to be a deep dive on security programming reporting configuration etc but more of a high level overview on salesforce com Force com development tools methodology and other resources We will not cover all aspects of salesforce com We wrote this book to hopefully become an invaluable resource for anyone new or inexperienced with the Force com platform For new administrators and developers coming on to the platform we see a gaping hole in existing reference books This book is not intended for end users or advanced developers This book is for people somewhere in the middle let s say a business analyst or a new Java or NET developer We would like this to be the first book you pick up after your boss walks in and says Let s take a look at salesforce com and see if we can build some applications in the cloud This book contains the information that we wish we had when we started developing applications on Force com

Practical Guide to Salesforce Communities Philip Weinmeister, 2018-06-23 Whether you are brand new to the world of Salesforce communities or you are looking to take your Community Cloud knowledge to the next level this detailed guide will help you to build and manage a Salesforce community by leveraging the declarative power of the platform with clicks not code Each Salesforce community is a part of a widespread ecosystem with thousands of communities and millions of users active today on Community Cloud Through valuable social and business tools this online platform enables companies to empower and equip their customers partners and employees in new powerful ways In this book Philip Weinmeister a Salesforce MVP and the first ever recipient of the Community Cloud MVP Trailblazer award leads you through the ins and outs of Salesforce communities and provides you with an array of best practices to deliver top notch business portals on the Salesforce platform Practical Guide to Salesforce Communities is the first book to comprehensively cover this next generation offering from Salesforce providing real actionable guidance to help individuals build effective and engaging online communities The book takes you through the entire process from planning and designing a community to configuration build setup and administration all the way to deployment Detailed explanations are provided of key components templates and features such as Community Builder Audience Targeting Lightning Bolts and much more Additionally considerations and best practices are covered including valuable tips and insights What You ll Learn Plan and design a community Conceptualize how employees partners and customers use and benefit from communities Assess available templates and make an informed selection decision Use Community Builder and Lightning components within a Lightning community template Apply topics and knowledge articles to a community to increase value and adoption Inject process automation into a community using Workflow Flow and Process Builder Create dynamic and personalized user experiences with audience targeting Build export and import unique templates with the Lightning Bolt solution framework Provide community data for members or community managers Who This Book Is For Salesforce administrators Salesforce developers Salesforce functional architects Salesforce business analysts and Salesforce community managers
