Ohio District Report Cards:

A Secondary Analysis of Ohio School District Report Cards Charles Wayne Shirbish (Jr), 2002 *Poised for Progress* Aaron Churchill, 2014

On September 12th Ohio released school report card ratings for the 2013-14 school year. This report compiles and analyzes the statewide data with special attention given to the quality of public schools in the Ohio Big Eight urban areas: Akron, Canton, Cincinnati, Cleveland, Columbus, Dayton, Toledo, and Youngstown, both district and charter school sectors. Using the state's key report card measures, the performance index and value-added ratings, we assess the overall quality of each public school receiving these ratings in these areas and calculate the number of students in high quality seats in each area.

The key findings are:

1. There are too few high quality seats in Ohio's urban areas. On average, just 16 percent of public school seats, including both district and charter, were high quality in the Big Eight. In contrast, 36 percent of public school seats were low quality.
2. High quality seats by sector: A higher proportion of charter seats were high quality (22 percent) compared to district seats (13 percent) in the Big Eight urban areas.
3. Low quality seats by sector: A slightly lower proportion of charter seats were low quality (32 percent) compared to district seats (38 percent) in the Big Eight urban areas.

There is also variation in the performance of the charter school sectors across the Big Eight. The charter sectors in Cleveland and Columbus had considerably higher proportions of high quality seats than the district-run schools located in those cities. In Cleveland, 28 percent of charter seats were high quality compared to just 12 percent in the district. Meanwhile, in Columbus, 32 percent of charter seats were high quality compared to just 8 percent in the district. In other cities like Akron, Canton, and Toledo, the traditional district had higher proportions of high quality seats compared to those cities' charter school sectors. An appendix contains tables that provide the building-level data for the following public schools in the Ohio Big Eight urban areas: 1. Akron, 2. Canton, 3. Cincinnati, 4. Cleveland, 5. Columbus, 6. Dayton, 7. Toledo, and 8. Youngstown.

Ohio District Report Cards Introduction

In the digital age, access to information has become easier than ever before. The ability to download Ohio District Report Cards has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Ohio District Report Cards has opened up a world of possibilities. Downloading Ohio District Report Cards provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Ohio District Report Cards has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Ohio District Report Cards. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Ohio District Report Cards. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Ohio District Report Cards, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Ohio District Report Cards has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
