Security Statement

The Firm has taken measures to guard against unauthorized or unlawful processing of personal data and against accidental loss, destruction or damage. This includes:

- Adopting this information security policy
- Taking steps to control physical security (projects and staff records are all kept in a locked filing cabinet)
- Putting in place controls on access to information (password protection on files and server access)
- Establishing a business continuity/disaster recovery plan (including, at a minimum taking regular back-ups of its computer data files and this is stored away from the office at a safe location)
- Training all staff on security systems and procedures
- Detecting and investigating breaches of security should they occur

Policy	Best Practice Pillar #3: INFORMATION AND DATA PRIVACY – Adopt and maintain a written privacy and information security plan to protect Non-public Personal Information as required by local, state and federal law.
