Occupation With Christ:

The Christian Occupation of Africa ,1917 **The Christian state of life** Franz Hunolt,1886 **The Rise of the Antichrist** Lowell B. Hudson,2018-11-13 Does the idea of Biblical Prophecy seem well laughingly absurd galactically improbable Good It s supposed to seem that way In fact for Biblical prophecy to work properly its readers have to be highly skeptical Biblical prophecy requires even promotes uber skepticism at times to evoke the intended response in its readers The credibility of its message that its words were authored by God gains increased potency as the highly improbable happens again and again When the absurdly improbable actually occurs over and over in documented historically verifiable situations our fundamental assumptions are challenged We are confronted with the possibility that on a truly foundational level everything we thought we knew may really be wrong or radically incomplete That s what Biblical prophecy is about on a macro level That s its big idea Biblical prophecies also seek to warn about particularly important slices of future history Not because that future can be changed but so it can be met with integrity and intact faith This book is obviously focused on those Biblical prophecies involving the Antichrist s rise to power By using careful time honored traditional methods of Biblical investigation we ll have a serious and sober look at what the Scriptures really say about this future world ruler There are also some new discoveries that many would find surprising even shocking Now that s a lot to swallow all at once That the future is knowable on some level and that it s going to be so horrible Why would anyone want to believe this could happen Deep down I don t want to believe it It s so much easier to reject it than to allow it to threaten your whole frame of reference That tug of war that vague unease that s supposed to happen too It s Biblical prophecy doing its thing It takes a lot of guts to consider ideas that have the power to explode your comfortable world view If you decide to read this book remember it s ok to be skeptical It s absolutely required for a healthy mind But resist the awful temptation to reject out of hand Aside from being an addictive and lazy habit it just may deprive you someday of knowing that wonderful excruciating panic of having your mind blown open **Report of Commission I: Carrying the Gospel to All the Non-Christian World** ,1910

Preaching Christ from Daniel Sidney Greidanus,2012-12-19 In Preaching Christ from Daniel Sidney Greidanus shows preachers and teachers how to prepare expository messages from the six narratives and four visions in the book of Daniel Using the most up to date biblical scholarship Greidanus addresses foundational issues such as the date of composition the author s and original audience of the book its overall message and goal and various ways of preaching Christ from Daniel Throughout his book Greidanus puts front and center God s sovereignty providence and coming kingdom Each chapter contains building blocks for constructing expository sermons and lessons including useful information on the context themes and goals of each literary unit links between Daniel and the New Testament how to formulate the sermon theme and goal contemporary application and much more **The Land of Christ** Yohanna Katanacho,2013-10-01 Palestinians and Israeli Jews live in one land yet as two distinct communities each of which claims ownership of the same territory How are we to

understand the divine promise pertaining to the land Did God promise the land exclusively to the Jewish people Do the Palestinians have a right to live in the land or does God want them to leave After affirming important Palestinian Evangelical concerns The Land of Christ challenges the argument that God gave the land to Israel Yohanna Katanacho asks 1 What are the borders of the land 2 Who is Israel 3 How did God give Israel the land Through careful biblical exegesis the book responds to these questions exposing the superficiality of many slogans and claims Then the book presents an alternative biblical theology of the land However the theology of the land in this book is intimately associated with the context in Israel Palestine The Palestinian Kairos Document is the most accepted representative of the current Palestinian context and theology The book unpacks this document and extrapolates on its theology of the land Finally the author does not leave the reader without hope Katanacho portrays Hagar as a symbol of hope and considers the Korahite Psalms from the perspective of refugees
