

1.0 The Philippine CPA Board Examinations

1.1 Background

1.1.1 The Philippine CPA Board examinations are some of the few enduring and difficult professional examinations both in terms of coverage and depth of testing one's knowledge of technical concepts and applications. The percentage of successful examinees officially released by the Professional Regulations Commission, ranging from a low of 8% to a high of 37%, would invariably attest to it.

1.1.2 In the last six examinations, the national passing percentages are as follows:

Examination Batch	National Passing %
May 2007	30.21
October 2007	37.00
May 2008	27.00
October 2008	36.65
May 2009	28.89
October 2009	41.68

1.1.3 This macro view suggests for a thorough preparation in order to pass the cpa board examinations.

1.2 Subjects to be taken

1.2.1 The subjects given in the cpa board examinations are defined in the provisions of Republic Act 9298, or the Philippine Accountancy Law of 2004. In the last few examinations, the number of questions given and their distribution as to either theory-oriented or problem-based, as per informal report of examinees, may be reconstituted as follows:

Subject	Theory	Problems	Total
Theory of Accounts	100	0	100
Business Law and Taxation			70
Management Services	21	49	70
Auditing Theory	100	0	100
Auditing Problems	0	50	50
Practical Accounting 1	0	40	40
Practical Accounting 2	0	40	40
Total			470

1.2.2 The questions to be given in the examinations are supposedly within the defined coverage as outlined in a set of syllabi published by the Board of Accountancy. It should be noted; however, according to examinees' report questions given in a board subject may include those that are more clearly identifiable to be given in another board subject. This impresses that questions given in the board exams are expected to be diverse and interrelated.

1.3 Examination months

1.3.1 The cpa board examinations are normally given in the second and third weeks of May and October. This would give us an idea on the length of preparation one would have in choosing the examination months, as follows:
