Pinhook Finding Wholeness In A Fragmented Land Janisse Ray:

Pinhook Janisse Ray, 2005-04-30 Janisse Ray award winning author of *Ecology of a Cracker Childhood* and *Wild Card Quilt* writes an evocative paean to wildness and wilderness restoration with an extraordinary journey into southern Georgia's Pinhook Swamp. Pinhook Swamp acts as a vital watershed and wildlife corridor, a link between the great southern wildernesses of Okefenokee Swamp and Osceola National Forest. Together, Okefenokee, Osceola, and Pinhook form one of the largest expanses of protected wild land east of the Mississippi River. This is one of America's last truly wild places, and Pinhook takes us into its heart. Ray comes to know Pinhook intimately as she joins the fight to protect it, spending the night in the swamp, tasting honey made from its flowers, tracking wildlife, and talking to others about their relationship with the swamp. Ray sees Pinhook through the eyes of the people who live there: naturalists, beekeepers, homesteaders, hunters, and locals at the country store. In lyrical, down-home prose, she draws together the swamp's need for restoration and the human desire for wholeness and wildness in our own lives and landscapes.

Poverty Politics Sarah Robertson, 2019-08-23 *Representations of southern poor whites* have long shifted between romanticization and demonization. At worst, poor southern whites are aligned with racism, bigotry, and right-wing extremism, and at best, regarded as the passive victims of wider socioeconomic policies. In *Poverty Politics: Poor Whites in Contemporary Southern Writing*, author Sarah Robertson pushes beyond these stereotypes and explores the impact of neoliberalism and welfare reform on depictions of poverty. Robertson examines representations of southern poor whites across various types of literature, including travel writing, photo narratives, life writing, and eco literature, and reveals a common interest in communitarianism that crosses the boundaries of the US South and regionalism, moving past ideas about the culture of poverty to examine the economics of poverty. Included are critical examinations of the writings of southern writers such as Dorothy Allison, Rick Bragg, Barbara Kingsolver, Tim McLaurin, Toni Morrison, and Ann Pancake. *Poverty Politics* includes critical engagement with identity politics, as well as reflections on issues including Hurricane Katrina, the 2008 financial crisis, and mountaintop removal. Robertson interrogates the presumed opposition between the Global North and the Global South and engages with microregions through case studies on Appalachian photo narratives and eco literature. Importantly, she focuses not merely on representations of southern poor whites but also on writing that calls for alternative ways of reconceptualizing not just the poor but societal measures of time, value, and worth.

A Sanctuary of Trees Gene Logsdon, 2012-04-10 As author Gene Logsdon puts it We are all tree huggers But not just for sentimental or even environmental reasons Humans have always depended on trees for our food shelter livelihood and safety In many ways despite the Grimm's fairy tale version of the dark menacing forest most people still hold a deep cultural love of woodland settings and feel right at home in the woods In this latest book *A Sanctuary of Trees* Logsdon offers a loving tribute to the woods tracing the roots of his own home groves in Ohio back to the Native Americans and revealing his own history and experiences living in many locations each of which was different yet inextricably linked with trees and the natural world Whether as an adolescent studying at a seminary or as a journalist living just outside Philadelphia's city limits Gene has always lived and worked close to the woods and his curiosity and keen sense of observation have taught him valuable lessons about a wide variety of trees their distinct characteristics and the multiple benefits and uses they have In addition to imparting many fascinating practical details of woods wisdom *A Sanctuary of Trees* is infused with a philosophy and descriptive lyricism that is born from the author's passionate and lifelong relationship with nature There is a point at which the tree shudders before it begins its descent Then slowly it tips picks up speed often with a kind of wailing death cry from rending wood fibers and hits the ground with a whump that literally shakes the earth underfoot The air in the aftermath seems to shimmy and shiver as if saturated with static electricity Then follows an eerie silence the absolute end to a very long life Fitting squarely into the long and proud tradition of American nature writing *A Sanctuary of Trees* also reflects Gene Logsdon's unique personality and perspective which have marked him over the course of his two dozen previous books as the authentic voice of rural life and traditions
