The Knowledge Corrupters Colin Crouch, 2016-04-25 In principle the advanced market driven world in which we now live is fuelled by knowledge information and transparency but in practice the processes that produce this world systematically corrupt and denigrate knowledge this is the powerful and provocative argument advanced by Colin Crouch in his latest exploration of societies on the road to post democracy Crouch shows that executives in profit maximizing corporations have incentives to ignore or distort knowledge especially firms in the information business of the mass media themselves as financial knowledge increasingly trumps the other kinds of knowledge that business needs Firms also seek to take control of public knowledge and use it for their own ends often at the cost of other stakeholders in society Meanwhile the transfer of similar practices to professional public services undermines professional skills and ethics especially when these services are out sourced to the private sector

Attempts to extricate ourselves from these problems involve reshaping the complex and often conflicting relationships among citizens professionals managers and financiers This new book by one of the most incisive critics of contemporary Western societies will be of interest to a wide range of readers from students to policy makers and those who work in the public and private sectors

Life-stowing from a Digital Media Perspective: Past, Present and Future, 2017-04-24 While both public opinion and scholars around the world are currently pointing out the danger of increasingly popular life logging devices this book articulates this debate by distinguishing between automatic and manual life logging approaches Since new definitions of life logging have excluded the latter approach and have been mainly focused on effortless life logging technologies such as Google Glass and Quantified Self applications in general this book theoretically frames life stowing Through extensive etymological research this book defines life stowing as a manual and effortful practice conducted by life stowers individuals who devote their life to sampling reality in predefined frameworks Also as part of this book an historical overview introduces life stowers and distinguishes between Apollonian and Dionysian varieties of these practitioners Lastly in order to understand the future reception of lifestowing particularly in relation to digital media this book discloses the author

s ongoing life stowing project to a small audience **Video games industry in Scotland** Great Britain: Parliament: House of Commons: Scottish Affairs Committee,2011-02-07 The Committee urges the Government to make the future of the sector a priority in the face of emerging barriers for growth This is a golden age of opportunity the Committee says for the industry and proper support for small companies accessing global audiences is vital it is potentially a world leader for the UK It warns that overseas government subsidies cheaper labour markets and skills shortages have created an uneven international playing field and more encouragement for development and growth is needed The possibility of a games industry tax relief should be kept under review and a comprehensive assessment of the benefits of a games tax relief should be carried out along with an examination of countries whose industries flourish without such support A shortage of adequately qualified graduates to sustain the industry is also a real concern skills like maths and computer science being needed and the brain drain of graduates to countries offering better incentives The creation and retention of intellectual property is seen as a priority issue for the UK video games industry and the Government s review of intellectual property taxation will be monitored The failure of the creative industries Minister to lobby the Treasury directly on games tax relief is both surprising and disappointing and the Committee asks the Government to explain how the industry s voice will be heard properly in future **Yearbook of International Organizations 2013-2014 (Volumes 1a-1b)** Union Of International

Associations,Union of International Associations,2013-06-21 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events The Swedish Presence in Afghanistan Arita Holmberg,Jan Hallenberg,2016-07-07 This book delivers on two analytical levels First it is a broad study of Sweden as an international actor an actor that at least for a brief period tried to play a different international role than that to which it was accustomed Second the book problematizes the role of international military missions as drivers for change in the security and defence field Several perspectives and levels of analysis are covered from the macro level of strategic discourse to the micro level of the experiences of individual commanders The book focuses upon Sweden and its participation in the international military mission in Afghanistan during 2002 2012 and also contributes to the growing literature evaluating the mission in Afghanistan the security practice which has dominated the security and defence discourse of Western Europe for the last decade

Transformed States Martin Halliwell,2024-11-15 Honourable Mention British Association of American Studies Book Award Transformed States offers a timely history of the politics ethics medical applications and cultural representations of the biotechnological revolution from the Human Genome Project to the COVID 19 pandemic In exploring the entanglements of mental and physical health in an age of biotechnology it views the post Cold War 1990s as the horizon for understanding the intersection of technoscience and culture in the early twenty first century The book draws on original research spanning the presidencies of George H W Bush and Joe Biden to show how the politics of science and technology shape the medical uses of biotechnology Some of these technologies reveal fierce ideological conflicts in the arenas of cloning reproduction

artificial intelligence longevity gender affirmation vaccination and environmental health Interweaving politics and culture the book illustrates how these health issues are reflected in and challenged by literary and cinematic texts from *Oryx and Crake* to *Annihilation* and from *Gattaca* to *Avatar* By assessing the complex relationship between federal politics and the biomedical industry *Transformed States* develops an ecological approach to public health that moves beyond tensions between state governance and private enterprise To that end Martin Halliwell analyzes thirty years that radically transformed American science medicine and policy positioning biotechnology in dialogue with fears and fantasies about an emerging future in which health is ever more contested Along with the two earlier books *Therapeutic Revolutions* 2013 and *Voices of Mental Health* 2017 *Transformed States* is the final volume of a landmark cultural and intellectual history of mental health in the United States journeying from the combat zones of World War II to the global emergency of COVID 19
