Step-by-step guide to preserving vegetables

Fermenting, pickling, canning, dehydrating and freezing your favorite products , 2024-04-02 How to Use this Book This book is based on my desire to preserve vegetables in ways that my family will eat and do that as efficiently as possible When possible I preserve vegetables in a meal ready way Instead of canning a bunch of carrot slices in quart 1 L sized jars when I bring in a large carrot harvest I ll make a batch of Canned Spice Carrot Soup and a couple of jars of Fermented Mexican Carrots Then I ll use the tops to make Frozen Carrot Top Pesto for the freezer The carrot soup is the only time consuming item the other two can be put together while the soup is processing The first part of this book is an overview of food preservation methods canning both water bath and pressure canning dehydrating fermenting and freezing You ll find the basics of how to use these methods to safely preserve vegetables but you won t find details for every scenario that could happen while preserving vegetables I ve written these chapters with enough information to get you started preserving the harvest but not so much information that it leads to confusion and information overload The rest of this book is focused on growing and preserving the most popular vegetables and herbs that are grown in the home garden Each vegetable has its own chapter and in that chapter you ll find instructions on how to grow purchase can dehydrate ferment and freeze that vegetable You will also find recipes that highlight the vegetable most of these recipes are for preserving the vegetable but some recipes use the preserved vegetable Most of the recipes are written so that you ll preserve small batches at a time simply because I find that adjusting recipes to scale up is easier than scaling down If your family likes a recipe or if you have enough of one vegetable to make two batches of a recipe just double the ingredients and it will work out fine The exception to this is any of the jam or jelly recipes don t ever double a jam or jelly recipe or you run the risk of it not setting up I hope you read through the whole book to get a vision for how these different preservation methods can work together to stock

your pantry with food your family will eat Then when a vegetable is in season I hope you reread that vegetable s chapter and make a plan for preserving all of the harvest in a variety of ways Of course I hope that some of our favorite preservation recipes become your family favorites too Platters and Boards Shelly Westerhausen,2018-03-20 Platters and Boards Entertaining dishes and party dishes your guests will love Entertaining and party dishes from Platters and Boards Celebrated author and food blogger Shelly Westerhausen shares the secrets to creating casually chic spreads anyone can make and everyone will enjoy and envy in her bestselling Platters and Boards cookbook This visual cornucopia of a cookbook is the guide to entertaining with effortless style Platters and Boards is an inspiring resource for throwing unforgettable get togethers Organized by time of day 40 contemporary arrangements are presented with gorgeous photography easy to prepare recipes suggested meat and drink pairings and notes on preparation and presentation Helpful advice includes Tips on portioning Guides to picking surfaces and vessels Recommendations for pairing complementary textures and flavors A handy chart featuring board suggestions for a variety of occasions from holiday parties to baby showers Fans of Cook Beautiful The Art of the Cheese Plate InStyle Parties Magnolia Table and Cravings will love Platters and Boards **Cooking For Crowds For Dummies** Dawn Simmons,Curt Simmons,2005-06-10 Over 100 recipes plus time saving planning tips and sanity saving suggestions Serve terrific food confidently and calmly and wow your crowd Panicky about cooking for a casual church dinner a posh graduation party or a holiday feast for 50 With terrific recipes plus tips for everything from planning menus to preparation and presentation you can serve a hungry crowd without getting all steamed up about it You ll quickly grasp the basics you need to know to cook like an experienced pro Discover how to Serve great dishes from appetizers through desserts Determine food quantities when cooking for groups Handle food safely Add ambience with easy decorations
