1) Click on "Intro."	
2) Make sure the drop-down menu is set to "wood."	
3) Increase the mass using the slider. What do you notice happens to the volume ? What happens to the block ? What happens to the water ? <i>Write at least two <u>complete</u> sentences.</i>	<p>If you increase the mass, then the volume goes up. The block's visible size gets bigger and the water level rises. So by increasing the mass of the cube, you are also increasing the level of the water as well as the size of the cube.</p>
