Questions For Citizenship 2014:

The Almanac of American Education 2014-2015 Deirdre A. Gaquin, Gwenavere W. Dunn, 2015-03-04 The Almanac of American Education helps users understand and compare the quality of education at the national state and county levels Compiled from official U S government and reliable private sources the book contains historical and current data insightful analysis and useful graphs that provide compelling insights into the state of education in America EU Citizenship and Free Movement Rights Sandra Mantu, Paul Minderhoud, Elspeth Guild, 2020-03-31 This collective volume examines how EU citizenship reconstructs in unexpected ways what citizenship as a status means and stands for EU citizenship can neither be accurately described as a citizenship status similar to national citizenship nor as an immigration one The book examines the tension at the heart of attempts to grasp the nature of EU citizenship as supranational status in relation to family reunification social rights and expulsion It shows that while events such as Brexit stress the importance of EU citizenship the construction of supranational citizenship along the axis of non discrimination and equality remains a work in progress that requires the efforts of all actors involved institutions implementing authorities courts and citizens **The People in Question** Jo Shaw, 2021-10-13 Questions of citizenship and the role of constitutions in determining its boundaries are under scrutiny in this judicious and accessible analysis from Jo Shaw *The Good Citizen* Russell J. Dalton, 2020-06-23 There has been a growing chorus of political analysts with doomsday predictions of an American public that is uncivil disengaged and alienated And it s only getting worse with a younger generation of Americans who do not see the value in voting The good news is that the bad news is wrong In this Third Edition of *The Good Citizen* Russell Dalton uses current national public opinion surveys including new evidence from 2018 Pew Center survey data to show how Americans are changing their views on what good citizenship means It s not about recreating the halcyon politics of a generation ago but recognition that new patterns of citizenship call for new processes and new institutions that reflect the values of the contemporary American public Trends in participation tolerance and policy priorities reflect a younger generation that is more engaged more tolerant and more supportive of social justice *The Good Citizen* shows how a younger generation is creating new norms of citizenship that are leading to a renaissance of democratic participation An important comparative chapter in the book showcases cross national comparisons that further demonstrate the vitality of American democracy Thinking of Questions Peter Limm, 2015-09-23 This is not a conventional book It is designed to stimulate and challenge all people who are curious to find out about the world they inhabit and their place within it It does this by suggesting questions and lines of questioning on a wide range of topics The book does not provide answers or model arguments but prompts people to create their own questions and a reading log or journal To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading Once you start you will be hooked Never stop questioning *Citizen Politics* Russell J. Dalton, 2018-12-13 The book s combined focus on parties as institutions and systems alongside political attitudes and

behaviors is why I use it I have yet to find another text that accomplishes this Meredith Conroy California State University San Bernardino Now more than ever people drive the democratic process What people think of their government and its leaders how or whether they vote and what they do or say about a host of political issues greatly affect the further strengthening or erosion of democracy and democratic ideals This fully updated shorter Seventh Edition of *Citizen Politics* continues to offer the only truly comparative study of political attitudes and behavior in the United States Great Britain France and Germany In addition to its comprehensive thematic examination of political values political activity voting and public images of government within a cross national context the updated edition of this bestseller explores how cultural issues populism Trump and far right parties are reshaping politics in contemporary democracies All chapters have been updated with the latest research and empirical evidence Further Dalton includes recent research on citizens political behavior in USA Britain France and Germany as well as new evidence from national election studies in USA 2016 Britain 2017 France 2017 and Germany 2017

Information Ethics, Globalization and Citizenship Toni Samek, Lynette Shultz, 2017-04-10 The boundaries of citizenship have been blurred by global information systems while the public and private spheres have been reshaped through globalization and colonialism and capitalism This collection of new essays explores information and citizenship in the digital age from a range of perspectives presenting cautionary tales along with possibilities for decolonizing digital information and literacy Topics include Wikileaks and the dissolution of information ethical issues for teachers policy makers and librarians and creating safe spaces through ethical librarianship

The Participation Gap Russell J. Dalton, 2017-10-06 The dilemma of democracy arises from two contrasting trends More people in the established democracies are participating in civil society activity contacting government officials protesting and using online activism and other creative forms of participation At the same time the importance of social status as an influence on political activity is increasing The democratic principle of the equality of voice is eroding The politically rich are getting richer and the politically needy have less voice This book assembles an unprecedented set of international public opinion surveys to identify the individual institutional and political factors that produce these trends New forms of activity place greater demands on participants raising the importance of social status skills and resources Civil society activity further widens the participation gap New norms of citizenship shift how people participate And generational change and new online forms of activism accentuate this process Effective and representative government requires a participatory citizenry and equal voice and participation trends are undermining these outcomes *The Participation Gap* both documents the growing participation gap in contemporary democracies and suggests ways that we can better achieve their theoretical ideal of a participatory citizenry and equal voice

Citizens in the Graeco-Roman World , 2017-09-18 The twelve studies contained in this volume discuss some key aspects of citizenship from its emergence in Archaic Greece until the Roman period before AD 212 when Roman citizenship was extended to all the free inhabitants of the Empire The book explores the processes of

formation and re formation of citizen bodies the integration of foreigners the question of multiple citizenship holders and the political and philosophical thought on ancient citizenship The aim is that of offering a multidisciplinary approach to the subject ranging from literature to history and philosophy as well as encouraging the reader to integrate the traditional institutional and legalistic approach to citizenship with a broader perspective which encompasses aspects such as identity formation performative aspect and discourse of citizenship Questions of Order Peter Price, 2021 Canadian Confederation has long been assessed as a political moment that created a new national entity This book breaks new ground by arguing that Confederation was an imperial event that generated new questions and ideas about the future of global political order

Documenting Americans Magdalena Krajewska, 2017-10-12 This is the only comprehensive political history of national ID card proposals and identity policing developments in the United States **ECSM2014-Proceedings of the European**

Conference on Social Media Asher Rospigliosi, Sue Greener, *Critical Dialogues in Latinx Studies* Ana Y.

Ramos-Zayas, Mérida M. Rúa, 2021-08-10 WINNER D Scott Palmer Prize for Best Edited Collection given by the New England Council of Latin American Studies Introduces new approaches theoretical trends and understudied topics in Latinx Studies This groundbreaking work offers a multidisciplinary social science oriented perspective on Latinx studies including the social histories and contemporary lives of a diverse range of Latina and Latino populations Editors Ana Y Ramos Zayas and M rida M R a have crafted an anthology that is unique in both form and content The book combines previously published canonical pieces with original cutting edge works created for this volume The sections of the text are arranged thematically as critical dialogues each with a brief preface that provides context and a conceptual direction for the scholarly conversation that ensues The editors frame the volume around the humanistic social sciences using the term to highlight the historical and social contexts under which expressive cultural forms and archival records are created *Critical Dialogues in Latinx Studies* masterfully sheds light on the diversity and complexity of the everyday lives of Latinx populations the political economic structures that shape enduring racialization and cultural stereotyping and the continuing efforts to carve out new lives as diasporic transnational global and colonial subjects **When States Take Rights Back** Émilien Fargues, Elke

Winter, Matthew J Gibney, 2020-06-09 *When States Take Rights Back* draws on contributions by international experts in history law political science and sociology offering a rare interdisciplinary and comparative examination of citizenship revocation in five countries revealing hidden government rationales and unintended consequences Once considered outdated citizenship revocation also called deprivation or denationalization has come back to the political center in many Western liberal states Contributors scrutinize the positions of stakeholders e g civil servants representatives of civil society judges supranational institutions and their diverse rationales for citizenship revocation e g allegations of terrorism treason espionage criminal behaviour and fraud in the naturalisation process The volume also uncovers the variety of tools that national governments have at their disposition to change existing citizenship revocation laws and policies and the constraints

that they are faced with to actually implement citizenship revocation in daily operations Finally contributors underscore the extraordinary severity of sanctions implied by citizenship revocation and offer a nuanced picture of the material and symbolic forms of exclusion not only for those whose citizenship is withdrawn but also for minority groups wrongly associated with the aforementioned allegations Indeed revocation policies target not merely individuals but specific collective categories which tend to be ethno racially constructed and attributed specific location within the international status hierarchy of nation states International and interdisciplinary in scope When States Take Rights Back will be of great interest to scholars of politics international law sociology and political and legal history and Human Rights The chapters were originally published in Citizenship Studies

The Muslim Question in Europe Peter O'Brien, 2016-02-29 In this book the author argues that the vehement controversies surrounding European Muslims are better understood as persistent unresolved intra European political tensions rather than as a clash between Islam and the West This title was made Open Access by libraries from around the world through Knowledge Unlatched

Equal Citizenship and Its Limits in EU Law Päivi Johanna Neuvonen, 2016-04-21 The research monograph *Equal Citizenship and Its Limits in EU Law* We the Burden is a critical study of the scope of EU citizenship as an equal status of all Member State nationals The book re conceptualises the relationship between the status of EU citizenship and EU citizens fundamental right to equal treatment by asking what indicates the presence of agency in EU law A thorough analysis of the case law is used to support the argument that the present view of active citizenship in EU law fails to explain how EU citizens should be treated in relation to one another and what counts as related for the purposes of equal treatment in a transnational context In addressing these questions the book responds to the increasing need to find a more substantive theory of justice for the European Union The book suggests that a more balanced view of agency in the case of EU citizens can be based on the inherent connection between citizens agency and their subjectivity This analysis provides an integrated philosophical account of transnational equality by showing that a new source of meaningful relationships for the purposes of equal treatment arises from recognizing and treating EU citizens as full subjects of EU law and European integration The book makes a significant contribution to the existing scholarship on EU law first by demonstrating that the undefined nature of EU citizenship is fundamentally a question about transnational justice and not just about individual rights and secondly by introducing a framework within which the current normative indeterminacy of EU citizenship can be overcome

Contextualising dialogue, secularisation and pluralism Martin Ubani, Inkeri Rissanen, Salla Poulter, 2019 Dialogue secularisation and pluralism have been key concepts in international discussions concerning religion public space and education for the past decades Due to increasingly intense intercultural and transnational movements national educational systems face new challenges in negotiating with the multitude of civic identities and memberships those being also related to religions and worldviews The purpose of this volume is to enrich and complement the discussion concerning religion in education by contextualising the respective phenomena in the current

Finnish educational policy and practice as well as by drawing together empirical and theoretical observations from several case analyses Even though international comparative studies are integral for the development of knowledge on religion and education this localised approach concentrating on the Finnish education system provides an interesting case for the analysis in many ways The Finnish society is rather slowly becoming diverse and plural whereas the processes of secularisation have recently been quite rapid The volume at hand discusses how these changes of secularisation and pluralisation in a religious landscape create new conditions for understanding educational dialogue amidst diversity

Teachers' Beliefs about Civic and Citizenship Education in Italian High Schools Alessandra Santoianni, 2024-11-18 Various social and political actors are responsible to educate citizens to sustain democracy Civic and Citizenship Education CCE addresses this issue and has gained prominence Italy made the subject compulsory in schools with the law n 92 2019 Different conceptualisations of CCE have the notion of citizenship at the centre which can differentiate between traditional and critical approaches Despite this little is known about what teachers believe in terms of citizenship and what the subject should involve in terms of goals content and methods This work aims to understand Italian teachers views on CCE and its implementation and contribute to its systematisation as a scientific discipline The author interviewed Italian high school teachers and analysed the results The results show that teachers beliefs about the goals of CCE relate to broad social and political issues and students learning These beliefs also show civic republican values Three macro areas of content from the 92 2019 law serve as a framework for teachers to select topics they believe are relevant and Lawfulness Education is the key to the content goals and teaching strategies Teachers are unclear whether CCE should be a separate transversal or integrated subject Ultimately they implement what they believe in despite the policy changes introduced by the 92 2019 law

Marginalized Mothers, Mothering from the Margins Tiffany Taylor, Katrina Bloch, 2018-10-08 This volume examines the barriers and borders that marginalize mothers and their efforts to be good mothers and how they mother as a form of resistance to these barriers and borders

Citizenship Education in the ASEAN Community Toshifumi Hirata, 2023-02-03 This book is based on the outcomes of the International Comparative Study on Citizenship Education and Education for ASEANness in ASEAN Countries for the fiscal years 2010 to 2013 In each chapter it analyzes the awareness of school students in a respective country while also discussing the importance of the Delphi survey results a major feature of this project for educational experts on citizenship education Examining citizenship education in ten countries it clarifies which type of citizenship education should be completed after ten years and what level of citizenship should be acquired in ten years It also compares the awareness of students from these ten countries from 2010 to 2013 The book argues that citizenship education is indispensable for surviving the twenty first century especially in terms of promoting citizenship education in schools
