Renfield's Diary Roger Tudor, 2014-11-08 RENFIELD S DIARY Richard Morrison Renfield is an inmate at the lunatic asylum overseen by Dr John Seward is a difficult character to get our heads around simply because of his abnormal psychology He s described as a lunatic and a madman but there s definitely method to his madness It s never made clear how Renfield found out about Dracula or why he s so sensitive to the vampire s movements Nor are we told where Renfield s strange obsession with becoming immortal by absorbing and consuming other lives came from He suffers from delusions which compel him to eat living creatures in the hope of obtaining their life force for him He starts by consuming flies then develops a scheme of feeding the flies to spiders and the spiders to birds in order to accumulate more and more life When denied a kitten to accommodate the birds he eats the birds himself Doctor John Seward diagnoses him as a zoophagous maniac As it turns out his compulsion for eating living beings derives from his association with Count Dracula whom he serves and the resultant belief that he can extend his life by draining the life force of others as a vampire does Ultimately persuaded to betray Dracula to the forces led by van Helsing he is killed as punishment By the end of his life though Renfield becomes more sympathetic he seems sincerely to like Mina when she comes to visit who doesn t like Mina and he s worried that she ll be hurt when Dracula comes so he warns her to leave although he doesn t tell her why Then after Dracula starts drinking Mina s blood Renfield tries to stop him from entering the house again What makes Renfield change his mind Is it purely selfish because he wants Dracula to make him a vampire and not Mina Or does he really pity Mina and feel sorry for having let Dracula into the house In short Renfield is something of a puzzle Of course that s not surprising Renfield is a puzzle to his doctor Jack Seward and we only ever hear about Renfield from Dr Seward s journal entries How might the story be different if we were somehow able to access Renfield s journal entries or hear his point of view from another source
