Repair Guide For Kia Rio:

A Baby Boomer's Guide to Their Second Sixties Ryan C. Amacher, 2012 While this book was written for male Baby Boomers and their significant others it also includes Boomer history and what lies ahead as we experience the decade of our own sixties This story reviews our Boomer luck recounts the great history of being a kid in the 1950s and the great opportunities provided by improved education in the 1960s not to ignore a seemingly mind expanding culture Turning sixty is not for the faint hearted There are issues ahead The first thing we all face is taking care of aging parents or what the author refers to as helping your parents check out Then there are our own Boomer health issues including cataracts and prostate cancer You likely think there is nothing funny about these topics but the quirky economist author finds humor in all of our aging experiences This book covers Boomer issues all in the context of our Boomer culture We Boomers thought we would be young forever Maybe that is why it is so amusing
