Collecting Clocks Clock Repairs & Trademarks Index Thomas

Hodkin, 2015-04-20 A comprehensive book on collecting repairing antique clocks or timepieces written for both the amateur or experienced in mind How to tell what's wrong What tools to use where to get parts and how to fit them using hundreds of photographs and diagrams making repairs within most peoples reach a separate section deals with sympathetic restoration of the case The Trademarks section includes thousands of clockmakers marks from all around the world usually stamped on the movement itself enabling the reader to accurately not only identify the maker but date and value the clock

The Littorio Class Ermingo Bagnasco, 2011-07-18 For its final battleship design Italy ignored all treaty restrictions on tonnage and produced one of Europe's largest and most powerful capital ships comparable with Germany's Bismarck class similarly built in defiance of international agreements The three ships of the Littorio class were typical of Italian design being fast and elegant but also boasting a revolutionary protective scheme which was tested to the limits as all three were to be heavily damaged in the hard fought naval war in the Mediterranean Roma had the unfortunate distinction of being the first capital ship sunk by guided missile These important ships have never been covered in depth in English language publications but the need is now satisfied in this comprehensive and convincing study by two of Italy's leading naval historians The book combines a detailed analysis of the design with an operational history evaluating how the ships stood up to combat It is illustrated with an amazing collection of photographs many fine line plans and coloured artwork of camouflage schemes adding up to as complete a monograph on a single class ever published Among warship enthusiasts battleships enjoy a

Roman Mail and Scale Armour M.C. Bishop, 2023-07-20 Fully illustrated this study investigates the origins evolution and use of the mail and scale armour worn by the soldiers and gladiators of Imperial Rome Less glamorous than the Roman Army's instantly recognizable plate armour but much more versatile mail and scale armour were used by both legionaries and auxiliaries throughout Rome's history Developed by the Celts and quickly adopted by the Romans mail armour was easy to make and required little maintenance Scale was a much older form of armour originating in the Near East during the second millennium BC As with mail it was used by both auxiliaries and legionaries but like plate armour it was much more fragile than mail Both types of armour were also used by gladiators principally as arm defences New discoveries in both mail and scale as well as in hybrid forms that mixed the two mean that much more is now known about the development of these types of defence during the Roman period their efficacy in battle and how they were manufactured and repaired Featuring specially commissioned artwork and drawing upon the latest findings this study lifts the veil on the mail and scale armour used by soldiers gladiators and others during the heyday of Imperial Rome
