House Rules Erez Aloni, Régine Tremblay, 2022-06-15 The paradigm of family has shifted rapidly and dramatically from nuclear unit to diverse constellations of intimacy At the same time some norms resist change such as women s continuing role as primary care providers despite their increased uptake of paid work This tension between transformation and stasis in family arrangements has an impact on economic emotional and legal aspects of daily life House Rules critically explores the intertwining of norms and laws that govern familial relationships The authors in this incisive collection engage with four countries Canada the United States the United Kingdom and Taiwan

and expose the ingrained and unsettled norms that affect families and the law's role in regulating them. Over recent decades the law has struggled to adjust to transformations in what typifies the structures and practices of family life. House Rules provides tools to analyze those difficulties and ultimately to design laws to better respond to ongoing change and avoid entrenching inequalities.

Assisted Living Administration James E. Allen, 2004-08-24 Assisted living the fastest growing residential option burst upon the American landscape in the late 1980's. These facilities serve persons who no longer are able to live independently and need help with the activities of daily living but do not need 24 hour nursing care. James Allen has updated and refined this second edition of Assisted Living Administration to include new information on the Senate Aging Taskforce report of 2003 and the financial shape of the industry. The volume also covers resident care issues, aging theories as well as new industry data. This volume is intended as a text for professionals in training for certification in addition to being a resource for the seasoned administrator.
