WEINER, 1990 The National Union Catalog, 1963 Constitutes the quinquennial cumulation of the National union catalog Motion pictures and filmstrips **At Fault** Sebastian D.G. Knowles, 2021-03-16 At Fault is an exhilarating celebration of risk taking in the work of James Joyce Esteemed Joyce scholar and teacher Sebastian Knowles critiques the state of the modern American university denouncing what he sees as an accelerating trend of corporatization that is repressing discussions of controversial ideas and texts in the classroom Arguing that Joyce offers the antidote to risk averse attitudes in higher education he shows how the modernist writer models an openness to being at fault that should be central to the academic enterprise Knowles describes Joyce s writing style as an outlaw language imbued with the possibility and acknowledgment of failure He demonstrates that Joyce s texts and characters display a drive to explore the boundaries of experience to move outward in a centrifugal pattern to defy delimitation Knowles further highlights the expansiveness of Joyce s world by engaging a diverse range of topics including Jumbo the elephant as a symbol of imperialism the gramophone as a representation of the machine age solf ge and live music performance in the Sirens episode of Ulysses Joyce s jokes and the neurology of humor and inventive ways of reading and teaching Finnegans Wake Contending that error is the central theme in all of Joyce s work Knowles argues that the freedom to challenge boundaries and make mistakes is essential to an effective learning environment Energetic and delightfully erudite and offering insights drawn from over thirty years of classroom experience Knowles inspires readers with the infinite possibilities of free human thought exemplified by Joyce s writing A volume in the Florida James Joyce Series edited by Sebastian D G Knowles **Teaching Religion and Film** Gregory J Watkins, 2008-08-22 In a culture increasingly focused on visual media students have learned not only to embrace multimedia presentations in the classroom but to expect them Such expectations are perhaps more prevalent in a field as dynamic and cross disciplinary as religious studies but the practice nevertheless poses some difficult educational issues the use of movies in academic coursework has far outpaced the scholarship on teaching religion and film What does it mean to utilize film in religious studies and what are the best ways to do it In Teaching Religion and Film an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the classroom They examine the use of film to teach specific religious traditions religious theories and perspectives on fundamental human values Some instructors already teach some version of a film and religion course and many have integrated film as an ancillary to achieving central course goals This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies

in the classroom and comprehending film in an informed and critical way

Homeschooling: The Primary Years Shirley Erwee, 2015-07-13 An invaluable guide for families embarking on the journey of educating their primary school age children at home One of the biggest challenges for homeschooling parents is to break away from the model of education they received in school and to re educate themselves about Education as the conventional classroom methodology is not the model of pedagogy teaching that works best in the homeschool scenario This book offers tried and tested alternatives that will enrich and facilitate learning rather than hinder the process of educating young minds Having been part of the first generation of South African homeschoolers the author shares her knowledge plus tips and advice she has learnt along the way in order to help others make good choices and avoid common pitfalls and costly mistakes
