Arason,2014-04-29 It is possible to eliminate death and serious injury from Canada s roads In other jurisdictions the

European Union centres in the United States and at least one automotive company aim to achieve comparable results as

early as 2020 In Canada though citizens must turn their thinking on its head and make road safety a national priority Since

the motor vehicle first went into mass production the driver has taken most of the blame for its failures In a world where

each person s safety is dependent on a system in which millions of drivers must drive perfectly over billions of hours behind

the wheel failure on a massive scale has been the result When we neglect the central role of the motor vehicle as a dangerous

consumer product the result is one of the largest human made means for physically assaulting human beings It is time for

Canadians to embrace internationally recognized ways of thinking and enter an era in which the motor vehicle by product of

human carnage is relegated to history No Accident examines problems related to road safety and makes recommendations

for the way forward Topics include types of drivers human related driving errors related to fatigue speed alcohol and

distraction and roads pedestrians cyclists and public transit road engineering motor vehicle regulation auto safety design and
