Our Harsh Logic ,2012-09-18 Hundreds of Israeli soldiers speak out about the Palestinian occupation revealing that their presence is not merely for defense but also to accelerate the acquisition of Palestinian land and work against an independent Palestinian nation Department of Defense Dictionary of Military and Associated Terms Barry Leonard,2011 This is a print on demand edition of a hard to find publication This dictionary sets forth standard U S military and associated terminology to encompass the joint activity of the Armed Forces of the United States in both U S joint and allied joint operations as well as to encompass the Department of Defense DoD as a whole These military and associated terms together with their definitions constitute approved DoD terminology for general use by all components of the DoD The Sec of Defense has directed the use of this dictionary throughout the DoD to ensure standardization of military and associated terminology Update of 2002 edition Our Harsh Logic Breaking the Silence,2012-09-18 Israeli soldiers speak out for the first time about the truth of the Palestinian occupation in one of the most important books on Israel Palestine in this generation The New York Review of Books The very name of the Israel Defense Forces which many Israelis speak of as the most moral army in the world suggests that its primary mission is the defense of the country s territory Indeed both internationally and within Israel support for the occupation of Palestinian territory rests on the belief that the army s actions and presence in the West Bank and Gaza are essentially defensive and responsive aimed at protecting the country from terror But Israeli soldiers themselves tell a profoundly different story In this landmark work which includes hundreds of soldiers testimonies collected over a decade what emerges is a broad policy that is anything but defensive In their own words the soldiers reveal in human and vivid detail how the key planks of the army s ostensibly protective program prevention of terror separation of populations preservation of the fabric of life and law enforcement have in fact served to accelerate acquisition of Palestinian land cripple all normal political and social life and ultimately thwart the possibility of independence The many soldiers who have spoken out have taken aim at a silence of complicity both within Israel and in the wider world that perpetuates the justification for occupation

In the process they have created a gripping and immediate record of oppression Powerful and incontrovertible Our Harsh Logic is a supremely significant contribution to one of the world s most vexed conflicts **AK4812 - TANKER**

Bowers,2010-01-29 Striking Back Combat in

Korea March April 1951 is the second book in a three volume series about the Korean War examining the fighting that occurred during the late winter and early spring of the war's first year. By the beginning of March UN forces shifted strategic focus from defense to offense. In April the combination of stabilized fronts and the enemy's failed attacks made conditions ideal for launching combat offensives. The brutal nature and strategic significance of these campaigns is described in the book which includes analysis of their profound influence on the remainder of the war. William T Bowers provides detailed battle narratives based on eyewitness accounts recorded by Army historians within days of the operations. Through his use of personal accounts, official records, war diaries and combat reports, Bowers sheds new light on the conflict in Korea, making this volume a must read for military historians.

The eighth Canadian Battle Series volume is the little told story of the tense final days of World War II remembered in the Netherlands as the sweetest of springs which saw the country's liberation from German occupation. The Liberation Campaign, a series of fierce desperate battles during the last three months of the war, was bittersweet. A nation's freedom was won and the war concluded, but these final hostilities cost Canada 6,298 casualties including 1,482 dead. With his trademark you are there style that draws upon official records, veteran memories and a keen understanding of the combat experience, Mark Zuehlke brings to life this concluding chapter in the story of Canada in World War II.
