relationship between everyday life and the intricate global environmental issues of today including air and water pollution  
deforestation and climate change Rosaly Byrd and Laur n DeMates offer an optimistic yet realistic perspective on our impact  
on the environment giving much needed guidance to those who are interested in finding new and relatively easy ways to  
incorporate sustainability into daily life An excellent resource for those who are interested in learning what sustainability is  
about and picking up habits to be more sustainable Sustainability Made Simple shows that adopting a sustainable lifestyle  
doesn t require going off the grid or making drastic life changes that take time and cost money Instead Byrd and DeMates  
focus on the advantages and transformative changes associated with sustainability demonstrating that although society is  
facing unprecedented environmental challenges working towards sustainability is an opportunity to do things differently and
