Journal of Education ,1883 *The Oxford Handbook of the British Sermon 1689-1901* Keith A. Francis,William Gibson,2012-10-04 The period 1689 1901 was the golden age of the sermon in Britain It was the best selling printed work and dominated the print trade until the mid nineteenth century Sermons were highly influential in religious and spiritual matters but they also played important roles in elections and politics science and ideas and campaigns for reform Sermons touched the lives of ordinary people and formed a dominant part of their lives Preachers attracted huge crowds and the popular demand for sermons was never higher Sermons were also taken by missionaries and clergy across the British empire so that preaching was integral to the process of imperialism and shaped the emerging colonies and dominions The form that sermons took varied widely and this enabled preaching to be adopted and shaped by every denomination so that in this period most religious groups could lay claim to a sermon style The pulpit naturally lent itself to controversy and consequently sermons lay at the heart of numerous religious arguments Drawing on the latest research by leading sermon scholars this handbook accesses historical theological rhetorical literary and linguistic studies to demonstrate the interdisciplinary strength of the field of sermon studies and to show the centrality of sermons to religious life in this period **A tale of two**

Michel Weemans and Elliott Wise Contextualization and the Old Testament Jerry Hwang, 2022-09-26 Christianity is often viewed in Asia as a Western imposition Challenging this Dr Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization truly biblical contextualization must include the whole Bible not simply the New Testament This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia *Notes and Queries* ,1876 **Byzantine Religious Law in Medieval Italy** James Morton, 2021-03-04 Southern Italy was conquered by the Norman Hauteville dynasty in the late eleventh century after over five hundred years of continuous Byzantine rule At a stroke the region's Greek Christian inhabitants were cut off from their Orthodox compatriots in Byzantium and became subject to the spiritual and legal jurisdiction of the Roman Catholic popes Nonetheless they continued to follow the religious laws of the Byzantine church out of thirty six surviving manuscripts of Byzantine canon law produced between the tenth and fourteenth centuries the majority date to the centuries after the Norman conquest Byzantine Religious Law in Medieval Italy is a historical study of these manuscripts exploring how and why the Greek Christians of medieval southern Italy persisted in using them so long after the end of Byzantine rule The first part of the book provides an overview of the source material and the history of Italo Greek Christianity The second part examines the development of Italo Greek canon law manuscripts from the last century of Byzantine rule to the late twelfth century arguing that the Normans' opposition to papal authority created a laissez faire atmosphere in which Greek Christians could continue to follow Byzantine religious law unchallenged Finally the third part analyses the papacy's successful efforts to assert its jurisdiction over southern Italy in the later Middle Ages While this brought about the end of Byzantine canon law as an effective legal system in the region the Italo Greeks still drew on their legal heritage to explain and justify their distinctive religious rites to their Latin neighbours *The Athenaeum* ,1843 The Century Dictionary ,1914 **The Tablet** ,1887 *The Economist* ,1862 **The National Magazine** Abel Stevens, James Floy, 1858 **The Spectator** ,1885 The Century Dictionary William Dwight Whitney, 1890 The Century Dictionary and Cyclopaedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney William Dwight Whitney, Benjamin Eli Smith, 1899 **The Century Dictionary and Cyclopaedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E.
