Transparent David Richardson, 2023-10-17 Assumptions are the most potent of ideas but also the least understood Transparent reveals what assumptions we make how they control us and how they are all inherently religious Even atheists are religious at the level of their assumptions Some assumptions are true and most are not How can you tell without being an intellectual Transparent introduces the Transparent App an innovative and creative tool that helps people quickly see through the messages they encounter daily in the things they read watch and hear using the power of assumptions The Transparent App is simple enough for a student to use but powerful enough for adults to find God and engage with Him in their areas of interest expertise and leadership How can someone bring God with them to work or school How does God give us knowledge and guidance in the things that matter in real life At the level of assumptions God is everywhere Transparent is not just a theoretical theological exercise for intellectuals It translates the complex ideologies of the intellectuals into everyday language for everyday people Written more like an adventure than a textbook Transparent is a refreshing departure from the usual books about apologetics theology and culture Students parents pastors and professionals will all love Transparent
