Scholia on the Incarnation of the Only-Begotten S. Cyril, 2014-05-10 Cyril of Alexandria c 376 444 was the Patriarch of Alexandria from 412 to 444 He was enthroned when the city was at the height of its influence and power within the Roman Empire Cyril wrote extensively and was a leading protagonist in the Christological controversies of the later 4th and 5th centuries He was a central figure in the First Council of Ephesus in 431 which led to the deposition of Nestorius as Patriarch of Constantinople Cyril is counted among the Church Fathers and the Doctors of the Church and his reputation within the Christian world has resulted in his titles Pillar of Faith and Seal of all the Fathers but Theodosius II the Roman Emperor condemned him for behaving like a proud pharaoh and the Nestorian bishops at the Council of Ephesus declared him a heretic labelling him as a monster born and educated for the destruction of the church Cyril is well known due to his dispute with Nestorius and his supporter Patriarch John of Antioch whom Cyril excluded from the Council of Ephesus for arriving late

Scholia on the Incarnation of the Only Begotten Cyril of Alexandria, 2014-11-14 *The Faith of the Early Fathers* W. A. Jurgens, 1970 A source book of theological and historical passages from the writings of St Augustine to the end of the patristic age Taken together these three volumes represent a basic English language reference book of patristic works Volume 3 ends with St John of Damascene d 749 *Scholia on the Incarnation of the Only-Begotten* Cyril Of Alexandria, 2021-04-04 Cyril of Alexandria c 376 444 was the Patriarch of Alexandria from 412 to 444 He was enthroned when the city was at the height of its influence and power within the Roman Empire Cyril wrote extensively and was a leading protagonist in the Christological controversies of the later 4th and 5th centuries He was a central figure in the First Council of Ephesus in 431 which led to the deposition of Nestorius as Patriarch of Constantinople Cyril is counted among the Church Fathers and the Doctors of the Church and his reputation within the Christian world has resulted in his titles Pillar of Faith and Seal of all the Fathers but Theodosius II the Roman Emperor condemned him for behaving like a proud pharaoh and the Nestorian bishops at the Council of Ephesus declared him a heretic labelling him as a monster born and educated for the destruction of the church Cyril is well known due to his dispute with Nestorius and his supporter Patriarch John of Antioch whom Cyril excluded from the Council of Ephesus for arriving late **St. Cyril of Alexandria's Metaphysics of the Incarnation** Sergey Trostyanskiy, 2016-09-09 Cyril of Alexandria is one of the major intellectuals of the early Byzantine Christian world His approach to Christ is at the core of the classical Christian tradition however because his works were not translated into English in the post Reformation environment the precise implications of his science of Christ have been extensively misunderstood This work seeks to reposition Cyril in the precise philosophical context to which he belonged seeking as he did for a deliberate bridge building between ecclesiastical biblical presuppositions and the semantic terms central to the Late Antique philosophical Academy with which he understands the Church must communicate This book seeks to lay bare the fundamental philosophical axioms of Cyril's metaphysics of the Incarnation To illuminate this it investigates

the fifth century curriculum of metaphysical studies as followed in the academies of both Alexandria and Athens Common to both Cyril and his Hellene contemporaries are the terms of theological speculation prevalent in the Commentaries on the Parmenides This monograph applies the schema of theological analysis offered by the Commentators to Cyril's metaphysics of the Incarnation to see how well it accounts for the precise terms of the Incarnational doctrine posited by Cyril This study also endeavors to expound and evaluate the many previous and heavily conflicting scholarly accounts of Cyril's intellectual agenda It outlines various cognitive gaps associated with the macro arguments of the different positions which by and large have underestimated Cyril's philosophical acumen and ignored his own immediate academic context *St. Cyril of*

Alexandria: The Christological Controversy John A. McGuckin, 2015-12-22 St Cyril of Alexandria The Christological Controversy describes the turmoil of 5th century Christianity seeking to articulate its beliefs on the person of Christ The policies of the Theodosian dynasty and the conflicting interests of the patriarchal sees are set as the context of the controversy between Nestorius of Constantinople and Cyril of Alexandria a bitter dispute that racked the entire oecumene The historical analysis expounds the arguments of both sides particularly the Christology of Cyril which was adopted as a standard Many major texts are presented in new translations some of which have never before appeared in English These writings are essential reading in the history of doctrine The work will be an indispensable resource for all students of the period theologians and Byzantinists **The Dyophysite Christology of Cyril of Alexandria** Hans van Loon, 2009-04-07

The formula one incarnate nature of the Word of God has often been depicted as a summary of Cyril of Alexandria's ca 378-444 christology But no systematic study into his christological works has been published Besides there is no consensus regarding the meaning of the key terms and expressions in these works This book addresses this deficiency by an integral investigation of the archbishop's christological writings during the first two years of the Nestorian controversy and comes to the conclusion that his christology is basically dyophysite This re-appraisal of his christology bears on the understanding of the Council of Chalcedon and on contemporary ecumenical relations especially those between the Eastern Orthodox and the Oriental Orthodox **Pentecostal Liturgical Theology** Monte Lee Rice, 2025-02-20 This book explores how Pentecostal

meaning full worship frees people into a cosmic liturgy that wills humanity to Pentecost A liturgical turn has marked recent Pentecostal studies producing a growing body of liturgical theologies This cutting edge work analyses four theologians at its forefront Tanya Riches Daniela Augustine Chris E W Green and Wolfgang Vondey It does so through a liturgy as primary theology approach which defines liturgy as the church at prayer Here Rice shows how Pentecostal experience clarifies liturgy as the church at prayer on the altar Drawing from critical discourse analysis continental philosophy and Aristotelian wisdom this incisive book proceeds by narrating a healing soteriology that makes humanity willed to the common good signified by Pentecost Working from Walter Hollenweger's insights on the ecumenical promise of Pentecostal liturgy Rice identifies inclusivity liberative spirituality Majority World epistemology gift sharing community and scholarly re-oralization as apt

benchmarks for Pentecostal liturgical theology This inclusive multi faceted form reveals how Occidental voices dominate the Pentecostal discourse yet conversely offers augmenting pathways toward a more globally representative theology summoning the Pentecostal academy to the altar The foremost pathway this book presents is its theology of Pentecostal meaning full worship Through the lens of liturgy as a cosmic gift economy Rice shows how Pentecostal meaning full worship frees people into a cosmic liturgy that wills humanity to Pentecost Through engaging Ricoeurian Aristotelian narrative theory this eye opening work thus climaxes with a briefly constructed Pentecostal theology of the altar It shows how Pentecostal meaning full worship fosters moral formation as worshippers place themselves on the altar of sacrifice becoming priestly partners with God fuelling the gift economy that flourishes his household till all creation be willed to Pentecost

Christianity, Politics, and the Predicament of Evil Bradley B. Burroughs, 2019-06-04 Christianity Politics and the Predicament of Evil overcomes a defining divide in contemporary Protestant political ethics created by two contrasting conceptions of politics The first exemplified in the work of Reinhold Niebuhr construes politics as a matter of statecraft that utilizes the power of government to secure the greatest possible order and justice for society as a whole The second most prominently articulated by Stanley Hauerwas maintains that politics concerns itself with the cultivation of virtue consequently it finds not the well ordered state but the church to be the exemplar of politics Not only illuminating the divide between politics as statecraft and politics as soulcraft but also redeveloping the conceptual space between them this book reconceives politics within a theological framework in which the eschatological City of God rather than the well ordered state or the faithful church functions as the paradigm of political life At the same time it simultaneously recognizes that the existence of evil which corrupts individual wills and social structures inhibits human beings from building the City of God in this world Analyzing criticizing and drawing resources from Niebuhr and Hauerwas as well as looking beyond to Augustine Martin Luther King Jr and others this book specifies the respective roles of soulcraft and statecraft in a political ethic capable of guiding Christians as they witness to God s eschatological intention to establish the City of God in a world currently mired in the predicament of evil
