linguistically diverse children's experiences unique strengths and expertise are supported and valued. Chapters focus on oral language reading and writing development and include diverse possibilities for culturally relevant and inclusive teaching. Featured teaching strategies foster academic success, cultural competence, and critical consciousness, leading students to read their worlds and question educational and societal inequities. Early childhood teachers will find this book invaluable as they consider effective ways to teach diverse children. The hands-on examples and strategies portrayed will help educators expand their thinking and repertoires regarding what is possible and needed in the language and literacy education curriculum. Unique in its focus on equitable, fully inclusive, and culturally relevant language and literacy teaching, this important book will help K-2 teachers re-think and re-conceptualize their own practices. Offers us a great opportunity to explore pedagogical strategies that are diverse and inclusive. From the Foreword by Gloria Ladson Billings, University of Wisconsin-Madison. Readers will discover a treasure of teacher and student collaborative experiences to engage diverse learners. Yetta and Ken Goodman, University of Arizona. The authors offer rich vignettes and pragmatic guidance for learning about responding to and respectfully building community among children. We readers are in their debt. Anne Haas Dyson, University of Illinois. A beautifully written book filled with powerful examples. I heartily recommend it for all teachers lucky enough to work on a daily basis with our brilliant early elementary students. Ernest Morrell, Teachers College, Columbia University. Nurturing Primary Readers in Grades K-3 Lane W. Clarke, Krysten Gorrivan, 2023-04-21 Weaving together reading pedagogy and social emotional learning (SEL) frameworks, this text presents an integrated, research-based approach to reading instruction grounded in instructional and collaborative strategies that address students' social emotional needs. The text features real stories from the classroom to invite readers to learn alongside the students, teachers, families, and professionals as they experience journeys of growth. The authentic case studies cover best practices in reading instruction in a way that centers students, promotes the whole child, and supports reading growth. Following a cyclical framework, discovering, nurturing, growing, each chapter addresses typical student reading needs and explains the role of collaborative relationships in effective instruction. Through the medium of storytelling, readers gain profound insights into key topics including teaching multilingual students, phonological awareness, reading fluency, and more. Accessible and comprehensive, this book steers away from a prescriptive recipe for instruction but rather leaves readers with an effective framework for incorporating data-based decision making, collaboration, and research-supported literacy practices to foster each student's social and emotional skills in the classroom. With a targeted focus on K-3 classrooms, this text is a key resource for pre-service and in-service educators in literacy education and elementary education, enriching the perspectives of all educators. *A View from the Street/River City Policing* S.
