Natural Events and Climate

ABC Book

Create a children's alphabet book. Include 26 pages, one for each letter of the alphabet. Each page should give an example describing how natural events influence climate. For example, page three would have the letter "C" and could use the phrase "Climate is the pattern of weather in an

Create a Map

Create a map showing major ocean currents and the areas where abrupt changes could influence climate. Use arrows to indicate the direction of the currents and colors to show warming or cooling effects on nearby land masses. Indicate areas that could be significantly affected

impact, on the climate. You can be creative in deciding who the characters are, where they are located, and what they are doing. Include key concepts and vocabulary from the unit related to your natural event such as greenhouse effect, atmosphere, density, or meteorite. Your story should be at least six panels in length.

journaling related to one natural event. Be sure your article titles and the cover image highlight key concepts from the lesson. Make sure your cover image is eye-catching. Include a 4-5 sentence description explaining how your cover and article titles relate to the natural event and the concepts in this lesson.

Student Choice

Design your own project that shows your understanding of how natural events influence climate. Get your teacher's approval of the project **before** you begin working on it. ***My project idea is:***
