Geologic and Water-supply Reports and Maps for California Geological Survey (U.S.),1987 **Danteworlds** Guy P.
Raffa,2008-09-15 One of the greatest works of world literature Dante Alighieri s The Divine Comedy has despite its enormous
popularity and importance often stymied readers with its multitudinous characters references and themes But until now
students of the Inferno have lacked a suitable resource to guide their reading Welcome to Danteworlds the first substantial
guide to the Inferno in English Guy P Raffa takes readers on a geographic journey through Dante s underworld circle by
circle from the Dark Wood down to the ninth circle of Hell in much the same way Dante and Virgil proceed in their infernal
descent Each chapter or region of the book begins with a summary of the action followed by detailed entries significant
verses and useful study questions The entries based on a close examination of the poet s biblical classical and medieval
sources help locate the characters and creatures Dante encounters and assist in decoding the poem s vast array of references
to religion philosophy history politics and other works of literature Written by an established Dante scholar and tested in the
fire of extensive classroom experience Danteworlds will be heralded by readers at all levels of expertise from students and
