Beyond the Romans Irene Selsvold,Lewis Webb,2020-04-09 This latest volume in the TRAC Themes in Theoretical Roman Archaeology series takes up posthuman theoretical perspectives to interpret Roman material culture These perspectives provide novel and compelling ways of grappling with theoretical problems in Roman archaeology producing new knowledge and questions about the complex relationships and interactions between humans and non humans in Roman culture and society Posthumanism constitutes a multitude of theoretical positions characterised by common critiques of anthropocentrism and human exceptionalism In part they react to the dominance of the linguistic turn in humanistic sciences These positions do not exclude the human but instead stress the mutual relationship between matter and discourse Moreover they consider the agency of non humans e g animals material culture landscapes climate and ideas their entanglement with humans and the situated nature of research Posthumanism has had substantial impacts in several fields including critical studies archaeology feminist studies even politics but have not yet emerged in any fulsome way in Classical Studies and

Classical Archaeology This is the first volume on these themes in Roman Archaeology aimed at providing valuable perspectives into Roman myth art and material culture displacing and complicating notions of human exceptionalism and individualist subjectivity Contributions consider non human agencies particularly animal material environmental and divine agencies critiques of binary oppositions and gender roles and the Anthropocene Ultimately the papers stress that humans and non humans are entangled and imbricated in larger systems we are all post human

Rome and the Mediterranean 290 to 146 BC Nathan Rosenstein, 2012-03-07 A compelling account of how Rome became supreme power in Europe and the Mediterranean world The book highlights the significance of Rome's success in the wars against Pyrrhus Carthage the Hellenistic kingdoms and in Spain that led to empire and it shows how the Republic's success in conquering an empire changed the conquerors It is unusual in focusing on a discrete vital period in Roman history rather than attempting to cover all of it or even just the Republic

Romans and Barbarians Beyond the Frontiers Sergio Gonzalez Sanchez, Alexandra Gugliemi, 2017-03-31 This first thematic volume of the new series TRAC Themes in Roman Archaeology brings renowned international experts to discuss different aspects of interactions between Romans and barbarians in the northwestern regions of Europe Northern Europe has become an interesting arena of academic debate around the topics of Roman imperialism and Roman barbarian interactions as these areas comprised Roman provincial territories the northern frontier system of the Roman Empire limes the vorlimes or buffer zone and the distant barbaricum This area is today host to several modern European nations with very different historical and academic discourses on their Roman past a factor in the recent tendency towards the fragmentation of approaches and the application of postcolonial theories that have favored the advent of a varied range of theoretical alternatives Case studies presented here span across disciplines and territories from American anthropological studies on transcultural discourse and provincial organization in Gaul to historical approaches to the propagandistic use of the limes in the early 20th century German empire from Danish research on warrior identities and Roman Scandinavian relations to innovative ideas on culture contact in Roman Ireland and from new views on Romano Germanic relations in Central European Barbaricum to a British comparative exercise on frontier cultures The volume is framed by a brilliant theoretical introduction by Prof Richard Hingley and a comprehensive concluding discussion by Prof David Mattingly

The Language of the Papyri T. V. Evans, D. D. Obbink, 2009-12-17 The modern rediscovery of the Greek and Latin papyri from Egypt has transformed our knowledge of the ancient world We cannot however make the same claim in the specific area of language study Although important studies of the language of the papyri have appeared sporadically over the past century we are still dealing today with a linguistic resource of extraordinary richness which has hardly begun to be explored Every scrap of papyrus and every ostrakon potsherd or tablet unearthed has the potential to change some aspect of the way we think about the Greek and Latin languages This book demonstrates that potential by gathering together essays from seventeen scholars who present a variety of perspectives and methodological approaches The

Language of the Papyri charts current directions of international research and will also provide a stimulus for future work

Greek and Roman Animal Sacrifice Christopher A. Faraone, F. S. Naiden, 2012-03-22 The interpretation of animal sacrifice now considered the most important ancient Greek and Roman religious ritual has long been dominated by the views of Walter Burkert the late J P Vernant and Marcel Detienne No penetrating and general critique of their views has appeared and in particular no critique of the application of these views to Roman religion Nor has any critique dealt with the use of literary and visual sources by these writers This book a collection of essays by leading scholars incorporates all these subjects and provides a theoretical background for the study of animal sacrifice in an ancient context **A Companion to**
