Robinson Curriculum Las Vegas:

Who's Who in Black Las Vegas C. Sunny Martin, 2008-10 Equity, Equality, and Reform in Contemporary Public Education Grant, Marquis C., 2018-03-30 Equality and equity are often mischaracterized as interchangeable terms in public education This may explain why efforts towards reform and restructure are often not met with any real measure of success Equity Equality and Reform in Contemporary Public Education provides emerging research on the reformation of education curriculum to provide proportionate opportunities for marginalized students and support for student achievement in public education While highlighting topics such as achievement gaps gender biases and multicultural responsiveness this book explores the theories and applications of different measures of reform to promote fairness among individual students This book is an important resource for educators professionals school administrators researchers and practitioners in the field of education Curriculum Martin Robinson, 2019-09-20 Martin Robinson's Curriculum Athena versus the machine explores the educational value of a curriculum rooted in the pursuit of wisdom and advocates the enshrinement of such a curriculum as the central concern of an academic institution Rather than being seen as a data driven machine a school should be viewed as a place that enables children to develop thoughtful perspectives on the world through which they can pursue wisdom and be free to join in with the ancient and continuing conversation What is it to be human Teachers need to be liberated from policy led prescription in order to design curricula which bring the subjects being studied rather than the blind pursuit of measurable outcomes to the foreground of the school's teaching and learning agenda In Curriculum Martin Robinson explores how this can be achieved The Machine demands data order and regulation Athena is the goddess of philosophy courage and inspiration An Athena curriculum celebrates wisdom and skills and considers why it seeks to transmit the knowledge that it does In this book Martin examines how we can construct a curriculum that will allow liberal education to flourish Anti gimmick and pro wisdom the principles that he advocates will make a big difference to teachers and pupils lives and will help to ensure that our young adults are better educated Suitable for teachers school leaders and policy makers

Curriculum Laboratories and Divisions Benjamin William Frazier, Bernice Elizabeth Leary, Bess Goodykoontz, Clele Lee Matheison, Cline Morgan Koon, David Segel, Frederick James Kelly, Henry Fred Alves, James Frederick Rogers, United States. Office of Education, Ella Burgess Ratcliffe, Jessie Alice Lane, 1938 Mastering Primary Art and Design Peter Gregory, Claire March, Suzy Tutchell, 2020-02-20 Mastering Primary Art and Design introduces the primary art and design curriculum and helps trainees and teachers learn how to plan and teach inspiring lessons that make learning art and design irresistible Topics covered include Current developments in art and design Art and design as an irresistible activity Art and design as a practical activity Skills to develop in art and design Promoting curiosity Assessing children in art and design Practical issues This guide includes examples of children's work case studies readings to reflect upon and reflective questions that all help to show students and teachers what is considered to be best and most innovative practice and how they can use that knowledge

in their own teaching to the greatest effect The book draws on the experience of three leading professionals in primary art and design Peter Gregory Claire March and Suzy Tutchell to provide the essential guide to teaching art and design for all trainee and qualified primary teachers *Out of Our Minds* Ken Robinson,2017-09-20 Creativity is critical Out of Our Minds explores creativity its value in business its ubiquity in children its perceived absence in many adults and the phenomenon through which it disappears and offers a groundbreaking approach for getting it back Author Sir Ken Robinson is an internationally recognised authority on creativity and his TED talk on the subject is the most watched video in TED s history In this book Sir Ken argues that organisations everywhere are struggling to fix a problem that originates in schools and universities Organisations everywhere are competing in a world that changes in the blink of an eye they need people who are flexible enough to adapt and creative enough to find novel solutions to problems old and new Out of Our Minds describes how schools businesses and communities can work together to bring creativity out of the closet and realise its inherent value at every stage of life This new third edition has been updated to reflect changing technologies and demographics with updated case studies and coverage of recent changes to education While education and training are the keys to the future the key can also be turned the other way locking people away from their own creativity Only by actively fostering creativity can businesses unlock those doors and achieve their true potential This book will help you to Understand the importance of actively promoting creativity and innovation Discover why creativity stagnates somewhere between childhood and adulthood Learn how to re awaken dormant creativity to help your business achieve more Explore ways in which we can work together to keep creativity alive for everyone Modern business absolutely demands creativity of thought and action We re all creative as children so where does it go When do we lose it Out of Our Minds has the answers and clear solutions for getting it back

Curriculum Histories in Place, in Person, in Practice Petra Hendry,Molly Quinn,Roland Mitchell,Jacqueline Bach,2023-03-10 This book situates the Curriculum Theory Project at Louisiana State University within a larger historical framework of curriculum work examining the practices which have sustained this type of curricular vitality over the lifetime of the field s existence Divided into seven parts the authors illuminate seven practices which have sustained the scholarship graduate programs mentorship and networking that have been critical to maintaining a web of international relationships This exploration and coming together of intergenerational stories reveals a more complete and nuanced narrative of the development of curriculum theory over the last 60 years Crucially the project exemplifies the continuing resilience of curriculum theory despite ongoing neo liberal aspirations to reframe education as a business Reflecting upon the lived experiences and articulated memories of those who have participated in the project and analysis of documents collected over its 25 year history it considers curriculum history ies writ large through and from this lens of practice As such it opens up fresh insights for cultivating the vitality and vigor of curriculum theory more broadly on an international scale and with a view to future directions for the field It will appeal to both new and experienced scholars working across education
