

MAINTENANCE CONTRACT

THIS CONTRACT is made and entered into on _____, by and between
_____ (the "Service Company"), whose address is _____,
_____, _____ 0 and _____ (the "Customer"),
whose address is _____, _____,

WHEREAS Service Company is a company engaged in the business of servicing and maintaining
and is willing to provide such services to Customer as per the terms herein.

WHEREAS Customer desires to have the Service Company furnish maintenance on the following:

NOW, THEREFORE, in consideration of the mutual covenants and promises hereinafter set forth, the parties hereto agree as follows:

1. Maintenance Services

Service Company shall maintain and service the following list of equipment (the "Equipment"):

and keep the Equipment in good working order. Service Company shall provide scheduled preventive maintenance during regular business with the schedule to be based on the specific needs of the Equipment as determined by Service Company. In addition, Service Company shall provide unscheduled remedial maintenance ("on-call service") as and when needed. Both scheduled and unscheduled service maintenance shall include the following as deemed necessary by Service Company.

Regular services included in contract price

Additional services and other charges

2. Excluded Services

Unless authorized in writing by the Customer, the Service Company shall not be required to make any of the following:

If the services described in this provision are authorized by the Customer, and if the Service Company agrees to perform them, an additional reasonable charge will be made for the service.

3. Trained Employees

Trained personnel directly employed and supervised by the Service Company will perform all services required by the terms of this Contract. The Service Company agrees that each of its employees will be properly qualified and will use reasonable care in the performance of his or her duties.

Division of Technical Information and Document Control, 2005 Measuring Service Contract Performance Andrew P. Hunter, Gregory Sanders, 2021-04-15 Researching and manufacturing fighters ships and tanks are only part of the picture for defense contracts Contracting for services accounts for over 41 percent of DoD contract obligations in 2018 Services include maintaining equipment moving people and things creating software providing server space and construction Service contracting is challenging as services can be difficult to define and measure But services are increasingly central to the U S economy The Department of Defense seeks to attract new firms that will increase its speed and agility many of these firms are service providers e g data analytics or cloud computing CSIS looked at a million contracts to evaluate how three factors influence performance 1 service complexity 2 contract management capacity 3 vendor s history working with a DoD contracting office The existing data fails to explain large differences in contract office performance More DoD transparency about contracting office capacity could help make a case for further investments The report also found that when vendors and contracting offices have a longer history they tend to have better results That means DoD needs to think not only about recruiting new partners but also about helping them succeed **Service Contract Act** United States, 1998 **Federal Register**, 2013 Comparative Succession Law Kenneth G C Reid, Marius J de Waal, Reinhard Zimmermann, 2020-10-09 This third volume in a series on Comparative Succession Law concerns the entitlement of family members to override the provisions of a deceased person s will to obtain money or assets or more money or assets from the person s estate Some countries notably those in the civil law tradition such as France or Germany confer a pre ordained share of the deceased s estate or of its value on certain members of the deceased s family and especially on the deceased s children and spouse Other

countries notably those in the common law tradition such as England Canada or Australia leave the matter to the discretion of the court the amount awarded depending primarily on financial need Whichever form it takes mandatory family provision is both a protection against disinheritance and also therefore a restriction on testamentary freedom The volume focuses on Europe and on countries influenced by the European experience In addition to detailed treatment of the law in Austria England and Wales France Germany Hungary Italy the Netherlands Norway Poland Scotland and Spain the book also has chapters on Australia and New Zealand South Africa the United States Canada the countries of Latin America and the People's Republic of China Some other countries are covered more briefly and there is a separate chapter on Islamic law The book opens with accounts of Roman law and of the law in medieval and early modern Europe and it concludes with a comparative assessment of the law as it is today in the countries and legal traditions surveyed in this volume

Speaker, 2024-03-26 Forensic Science Laboratory Benchmarking The FORESIGHT Manual takes a step by step instructional approach to utilizing FORESIGHT data detailing how labs can participate in the process to improve efficiencies The FORESIGHT Project a business benchmarking process for forensic service providers was created in 2008 to collect and report data while offering improvement to processes through analysis comparisons and best practice evaluations The program has grown to include more than 200 participating forensic laboratories worldwide FORESIGHT offers the capability for labs to improve core functions provide and benefit from metrics and thus improve the labs capabilities and functioning for the public good while maintaining their often limited fixed budgets Due to ever increasing caseloads forensic laboratories are constantly plagued by backlogged casework cases submitted to the

laboratory but not yet worked This leads to inefficiencies delays and unhappy agencies expecting timely results Unfortunately even if a lab s slates were wiped clean and the backlog were erased many of the inefficient processes that created the backlog would still be in place Eventually and inevitably the lab would develop a new backlog Unique coverage and features Presents critical and proven cutting edge measures to utilize FORESIGHT data improve laboratory testing operational efficiency and policies without added additional costs Synthesizes the data input from more than 200 labs and a decade s worth of analytics to illustrate process improvements and the advantages of participating Outlines how to develop data driven responses to solve current and future problems Forensic Science Laboratory Benchmarking will be of interest to quality assurance specialists economists supervisors in the parent agencies of the labs managers at all levels of any of the hundreds of public laboratories around the world and anyone concerned about the effectiveness and efficiency of laboratory testing As an operational guide the book provides a helpful roadmap to help public science agencies and forensic labs analyze how they operate improve on what works and change what doesn t to better meet their mission and serve their community s goals Tax Guide for Small Business ,1966 Commerce Business Daily ,1998-08 Consultant and Service Contracts United States.
