AAMC MCAT Sample Score Report

Notes

¹ Test scores, like other measurements, are not perfectly precise. The confidence bands around test scores mark the ranges in which the test taker's true scores probably lie. The diamond shapes and shading show the test taker's true scores are more likely to be their reported scores (in the second column) than the other scores in the confidence band.

² The percentile ranks of scores are the percentages of test takers who received the same scores or lower scores. The percentile ranks are updated on May 1 every year to reflect the results from the three most recent previous calendar years.

³ For the four sections, non-overlapping confidence bands show a test taker's likely strengths and weaknesses. Overlapping confidence bands suggest that there are not meaningful differences in performance between sections.

MD,2022-03-29 American healthcare is at risk as radical politics increasingly supplant proven methods for the admission and training of medical students These changes in medical education and practice threaten to dramatically alter the relationship between doctors and patients In the aftermath of the death of George Floyd in 2020 medical schools across the country raced to adopt increased diversity mandates and anti racism training Based on the false charge that the healthcare system is biased against minority groups medical deans and trustees rushed to institute sweeping reforms that will dramatically reduce the quality of medical training and upend the traditional doctor patient relationship According to Dr Stanley Goldfarb a longtime medical researcher and educator with extensive clinical experience these changes coincide with already lowered standards such as grade inflation and demands for socially relevant curricula that have nothing to do with the care of actual patients In this coruscating lament for the decline of American medicine Goldfarb debunks the myth of a racist healthcare system and shows how elevating diversity above merit will produce substandard healthcare for all Americans regardless of race
